OR SWIM POOLS

iso Chlor Big Tablets are to be used as a disinfectant in water. For initial treatments of swim pools: 1 tablet of iso Chlor per 7,500 gallons of pool water will reduce residual drops below 0.6 ppm (parts per million). For subsequent use, add 1 Tablet per 7500 gallons of water as determined by chlorine test kit to keep residual at 1.0 ppm (parts per million), at all times. Check water levels during extreme heat or with heavy use every 2 hours. Maintain a pH level of 7.2 to 7.6. iso Chlor Big Tablet weighs 5-1/3 ounces. Not recommended for use in hot tubs.

DANGER
Measure with clean, dry spoon or scoop. Store in
heat, fire, combustible materials, and organic materials.
Do not get in eyes, on skin or on clothing. May cause
May cause irritation. Protect eyes when handling.
flush skin or eyes with fresh water for at least 15
attention. Avoid breathing dust. May be fatal if
evolution of chlorine and equally toxic gases.
This product is toxic to fish.

This product is toxic to fish. Do not discharge into ponds. Apply this product only as specified on the label. Rinse thoroughly clean with water before use.

FIRST AID Call physician. Examine for burns.
