PALMER HOUSE CHEMICAL CORPORATION

Houston, Texas

DIRECTIONS

PINEARO may be used for sanitizing and disinfecting rest rooms, floors, walls and equipment-preventing mold and mildew-deodorizing garbage receptacles-controlling spread of athletes foot, etc.

Thoroughly clean area before disinfecting. For general disinfecting use PINEARO at the rate of 1 and 1/3 ounces PINEARO to each gallon of water. For toilets, add 2 ounces of PINEARO directly to the bowl.

WARNING

Keep away from foodstuff and avoid contact with skin and eyes. In case of contact with concentrate wash profusely with water.
