CLEAN, PLEASANT ODOR!
KILLS BUGS DEAD!

CAUTION: KEEP OUT OF REACH OF CHILDREN
(See directions and cautions on back)

NET WEIGHT 12 1/4 OZ.

DIRECTIONS SHAKE BEFORE USING

To spray: Hold container upright. Point valve opening away from face and press button.

To kill flying insects: flies, mosquitoes, flying moths, gnats, wasps: With Raid there is no need to spray directly at flying insects—the mist in the air will kill them. Close all doors and windows. Spray Raid up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics, furniture, until room is filled with mist. Keep room closed for 15 minutes. Don't waste Raid Flying Insect Spray—a little goes a long way.

To kill crawling insects: roaches, waterbugs, silverfish, crickets: Spray hiding places such as baseboards and floor boards, moist places, openings around sinks, drains and pipes, behind bookcases, cabinets and other storage areas hitting as many insects as possible.

Ants: Spray trails, hills, around windows and sills and openings around pipes and baseboards where ants crawl, hitting as many as possible.

Spiders, centipedes, sow bugs: Spray webs and places where these pests crawl. Hit as many as possible.

Carpet Beetles: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets. Repeat spraying at frequent intervals.

Bedbugs: Spray baseboards, moldings, floor board. Spray mattresses, particularly around seams and tufts. Take beds apart and spray into all joints. Repeat spraying at frequent intervals. Fleas: Spray floors, floor coverings and sleeping quarters of pet. Repeat spraying as often as necessary.

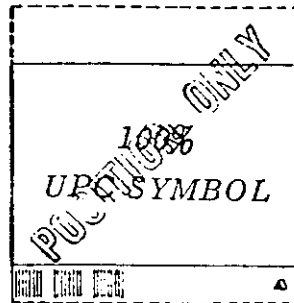

CAUTION: Contents under pressure. Never puncture or throw container into fire. Never set container on stove, radiators or place where temperature will exceed 120°F, which may cause it to burst. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation. Do not remain in treated areas. Ventilate the area after treatment is completed. Keep out of reach of children.

Remove pets, birds and cover fish aquariums before spraying.

ACTIVE INGREDIENTS: Pyrethins, 0.20%; technical piperonyl butoxide, 1.00% (equivalent to 0.80% of (butylcarbityl) (6-propylpiperonyl) ether and 0.20% related compounds); N-octyl bicycloheptene dicarboximide, 1.00%; petroleum distillate, 0.80%.

INERT INGREDIENTS: 97.00%.

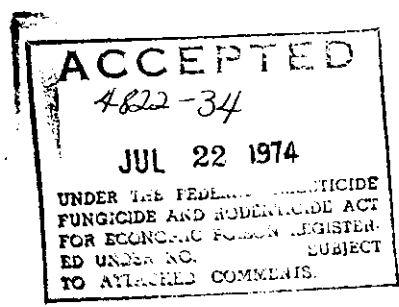

U.S. Pat. 3,159,325
