DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Shake can before using. This product is most effective when sprayed directly on flying insects. Hold container upright. Point actuator away from face and push button. Spray upwards with a sweeping motion, keeping about three (3) feet from walls, fabrics and furniture, until room is filled with mist (four (4) seconds for average room 10' x 12' x 8'). Keep room closed for 15 minutes. Ventilate room before reentering. Repeat as necessary.

TO KILL FLYING INSECTS

HOUSEFLIES, STABLEFLIES, MOSQUITOES, SMALL FLYING MOTHS, GNATS:

There is no need to spray directly at flying insects. Spray up into the air with a sweeping motion. Keeping about 3 feet from interior walls, fabric and furniture until room is filled with mist. Keep closed for 15 minutes. Ventilate room before entering. Repeat as necessary.

WASPS & HORNETS: Spray directly on stray wasps and hornets that enter building.

TO KILL CRAWLING INSECTS

ROACHES, SILVERFISH, CRICKETS: Spray hiding places such as baseboards and pipes, behind bookcases, cabinets and other storage areas hitting as many insects as possible. Repeat as necessary.

ANTS: Spray trails, hills, around window frames and openings, around pipes and baseboards where ants crawl hitting as many as possible. Repeat as necessary.

SPIDERS, CENTIPEDES, SOWBUGS: Spray webs and places where these insects crawl. Hit as many as possible.

FLEAS: Spray floors, floor coverings and sleeping quarters of pets. Repeat spraying as often as necessary. For best results dogs and cats should be treated with a registered flea control product before allowing them to enter the treated area. For heavy flea infestations, use in conjunction with Raid Indoor Fogger for a complete flea control program.

STORAGE: Store in a cool dry place. DISPOSAL: Do not reuse empty container. Wrap container and put in trash.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS and DOMESTIC ANIMALS - CAUTION: Keep out of reach of children; do not remain in enclosed areas. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Remove pets, birds, and cover fish aquariums before spraying.

PHYSICAL or CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120 F. may cause bursting.

Johnson, Raid & Florathan are Trademarks
