Dear Ms. Arrington:

Re: Raid House & Garden Bug Killer
EPA Reg. No. 4822-38
Notification of minor label revision per PR Notice 98-10

S.C. Johnson & Son, Inc. hereby notifies the U.S. Environmental Protection Agency that we have added three claims that are essentially restating existing label claims: 1) "INDOOR(S) OUTDOOR(S)" which states more succinctly the existing claim "Kills Bugs Indoors & Outdoors"; 2) "Won't harm plants! (if/when used as directed)" which is similar to the existing claim "Won't damage house plant or garden plants."; 3) "Raid Kills Bugs Dead(!)" which is our well-known motto and is self explanatory. All of these are consistent with 98-10, II. N.

In addition, we have added the company's website, www.killsbugsdead.com, which is actually a non-notification per 98-10, IV,F,7, but we thought it convenient to include it at this time.

To facilitate your review we have enclosed the following:

- a completed Application for Pesticide Registration form (8570-1)
- 3 copies of the label with these changes clearly marked in **bold italics**

I can be reached by telephone at (262) 260-4722 if you have any questions or require further information regarding this notification. Thank you for your attention to this matter.
