OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

Ms. Sheila Bugalecki  
S.C. Johnson & Son, Inc.  
1525 Howe Street  
Racine, WI 53403

NOV 21 2013

Dear Ms. Bugalecki:

Subject: label amendment  
Raid House & Garden Bug Killer  
EPA Registration Number 4822-38  
Your email dated November 21, 2013

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

A stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken

**TOTAL .....100.00%**

\*(Butylcarbityl) (6-propylpiperonyl) ether and related compounds  
Contains sodium nitrite

KEEP OUT OF REACH OF CHILDREN

CAUTION: See additional precautionary statements (**and complete use instructions**) on (back) (**inside**)

Net Wt.

**DIRECTIONS FOR USE:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed. Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated and until sprays have dried. Remove and cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not wet treated areas or articles to the point of run-off or drip. Do not use the treated article until spray has dried. This product is for indoor use only.

[When product is used with outdoor claims, this USE RESTRICTIONS section will be substituted for the one above]

**USE RESTRICTIONS:** Do not make applications during rain. Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed. Do not allow adults, children, or pets to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated and until sprays have dried. Do not wet plants to point of runoff or drip. Remove and cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use. Do not wet treated areas or articles to the point of run-off or drip. Do not use the treated article until spray has dried. All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses: - Treatment to soil or vegetation around structures; - Application to

lawns, turf and other vegetation; -Applications for building foundations up to a maximum height of 3 feet. Other than applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications only.

**SHAKE CAN BEFORE USING.** Hold container upright. **SPRAY** away from face. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Remove pets, birds, and cover fish aquariums before spraying.

**(To Kill) CRAWLING BUGS Indoors:** To kill Roaches, Waterbugs, Crickets, Silverfish, Centipedes, Ticks, Boxelder Bugs, Earwigs, Caterpillars, Millipedes, Spiders, Sow Bugs: Hold dispenser about 12 inches from surface being sprayed. Spray thoroughly into hiding places such as cracks, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas.

**(To Kill) ANTS (around)(the house):** Spray trails, doors and window frames where ants enter.

**(To Kill) FLEAS (indoors)(and)(in pet areas):** Spray floors, floor coverings and sleeping quarters of pets. Allow treated surfaces to dry prior to allowing pets to return. Apply once a day if necessary.

**(To Kill) CARPET BEETLES (in (your) rug(s) ):** Spray top and underside of rug. Apply once a day if necessary.

**(To Kill) FLYING BUGS (in) indoor(s) (spaces):** To kill Flies and Mosquitoes: Close all doors and windows. Direct the spray mist to all parts of the room especially windows and other light sources which attract these insects, staying about 3 feet from walls, fabrics and furniture. Fill room with mist then leave the treated areas. Keep room closed for at least 15 minutes. Thoroughly ventilate the room when treatment is completed. Spray directly on stray Wasps, Hornets, Gnats and small Flying Moths that enter buildings.

[When product is used with outdoor claims, the additional locations listed below may be included]

**(To Kill) ANTS (in the yard) (and) (around) (the house)(and)(structures):** Spray trails, nests, doors and window frames where ants enter.

[When product is used with outdoor claims, the additional uses below may be included]

**(To Kill) (Outdoor) (and) (Garden) Bugs (on ornamental plants):** Product is for use on ornamental garden plants only. It is not for use on edible crops. To kill Aphids, Climbing Cut Worms, Gypsy Moth Larvae, Army Worms, Japanese Beetles, Leafhoppers, Red Spider Mites, exposed Thrips, Webworms and Whiteflies on ornamental garden plants: Salvias, Roses, Gladiolas, Azaleas, Dahlias, Chrysanthemums, Asters, Marigolds, Delphiniums, Petunias, Begonias, Shrubs, Butterfly Plants, Dieffenbachia, Dracaenas, Ferns, Ficus, Palms, Pepperonia, Philodendrons, Piggyback Plants, Pines, Pothos, Spider Plants, Succulents, Evergreens, Fushia, Geraniums, Irises, Wandering Jews, Zinnias, Peonies, Impatiens, Alyssum, African Violets and English Ivy. Spray when air is still and temperature is not above 90°F. Spray with slow sweeping motion 36 inches from all plants. Avoid wetting - a light spray kills pests effectively. Spray in short bursts. Repeat application from time to time as long as insects are present. Use with caution on tender foliage, young plants and new growth. For adult Whiteflies, Red Spider Mites, Gypsy Moths and Japanese Beetles be sure to direct spray to contact these pests. Thoroughly cover the infested area. Apply once a day if necessary.

**STORAGE AND DISPOSAL**

**PESTICIDE STORAGE:** Store this product in a cool, dry (preferably locked) place, away from heat or open flame, in an area that is inaccessible to children and animals.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:**

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or **1-800-529-3394** for disposal instructions.

[The steel recycle graphics symbol may be used if label space allows it.]

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through the skin. Keep out of reach of children. Avoid contact with skin, eyes and clothing. Wash hands thoroughly with soap and water after handling.

**FIRST AID:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor immediately for treatment advice.

**PHYSICAL OR CHEMICAL HAZARDS:** Contents under pressure. Do not use or store near heat or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

[When product is used with outdoor claims, the below ENVIRONMENTAL HAZARDS statement will be used]

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift or run-off may be hazardous to fish in water adjacent to treated area. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

(Contains no CFCs or other ozone depleting substances. Federal Regulations prohibit CFC propellants in aerosols.) [optional graphic]

**Visit [website] to identify your bug and best treatment plan**

**(Additional) Tips (Non-chemical Control Options): [one or more to be chosen from the following list]**

- Do not leave doors and windows open.**
- Inspect screens for holes and loose edges that may allow flies and wasps to enter:**
- Flies breed in decaying matter. Remove these sources in yards and garbage areas before flies start to breed.**
- Remove food spills and exposed food.**
- Store food in sealed containers.**
- Avoid leaving (accumulating) dirty dishes in sinks.**
- Keep food out of bedrooms and living rooms.**
- Avoid the use of mulch next to the foundation, which provides an ideal place for outdoor ants to nest and to gain entry into the home**
- Caulk any points where ants (roaches) (ants and roaches) (bugs) (and other listed bugs) enter into wall voids, cracks and crevices, including entry points from outside or neighboring units.**
- Caulk hiding spots and points of entry from outside or neighboring units.**
