

Take Envy wherever you go—for fast all-job clean-ups **ENVY Instant Cleaner**

GERMICIDAL

Cleans fast and easy — Leaves metal, porcelain, plastic, ceramic, painted, laminated surfaces clean and gleaming bright.

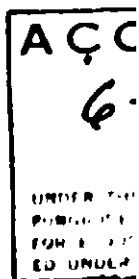

Half the work — Envy sprays on and wipes clean. No rinsing, no hard rubbing, no mixing. No haze to wipe off.

Active foam does the hard work — Lifts dirt, grease and common stains. Dissolves scum and soap film fast.

Disinfects as it cleans — Powerful germicide. Envy leaves surfaces "disinfectant clean"

Easy to use — Envy and a sponge are a complete clean-up kit. Handy and convenient to carry from job to job.

No abrasives — Envy can't scratch or dull surfaces because there's no grit in it.

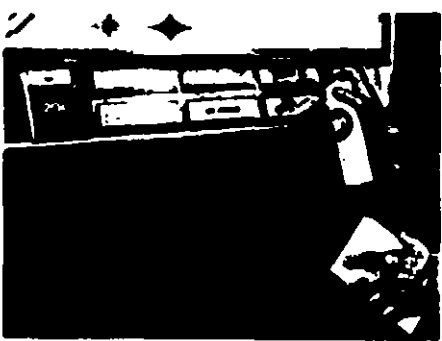

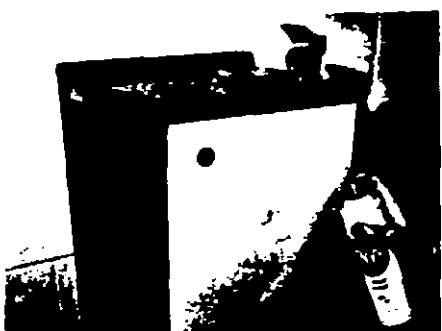

Envy cleans cleaning and touching-up easier and more efficient ever. That's because its active foam starts working as soon as it on. Practically lifts dirt, grime, grease, stains, scum and so right off the surface, making it simple to wipe clean. No rubbing — Envy's active foam formulation does the hard work for you. And it sanitizes surfaces as you clean.

Envy saves time, too — lets you move right along with its spray-and-wipe convenience. It's the one cleaner for all wash. That's why it's a perfect cleaner for hotels, motels, schools, hospitals or any commercial location.

Envy cleans up fast — all washable surfaces
