See Back Panel

For use throughout the home including: kitchens, bathrooms, bedrooms, basements, garages, attics, and around garbage cans, food processing plants, restaurants and other food handling establishments.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before using: Hold container upright. Point spray opening away from face and press button.

Flies, Mosquitoes, Small Flying Moths, Gnats: Most effective when sprayed directly on flies. You can clear entire room in minutes by spraying upwards in sweeping movement (4 seconds for average room of 1000 cubic feet) staying about 3 feet from walls, fabrics and furniture. Keep doors and windows closed for about 15 minutes. Do not remain in treated areas. Ventilate after treatment.

Roaches, Waterbugs, Silverfish, Crickets, Ants, Sowbugs: While this product is primarily a flying insect killer, tests prove that it is effective when spraying directly on these crawling insects. Spray in places where crawling insects are known to crawl or hide. Spray insects directly when possible. Repeat as necessary.

Storage and Disposal

Storage: Store in an area inaccessible to children.

Disposal: **"Do Not Puncture or Incinerate!"**

If empty: This container may be recycled in the few but growing number of communities where aerosol recycling is available. Before offering for recycling, empty the container by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 1-800-558-5252 for disposal instructions.

Precautionary Statement

Hazards to Humans and Domestic Animals

Caution: Harmful if absorbed through the skin. Avoid breathing spray mist. Keep out of reach of children. Avoid contact with skin, eyes and clothing. Do not remain in enclosed areas after use. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove plants, pets, and birds before using. Cover and turn off fish aquariums. Wash hands thoroughly with soap and water after handling.

272

First Aid

Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferable mouth-to-mouth if possible.

Physical or Chemical Hazards:

Flammable: Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.
