

VIREX 69/70

disinfectant spray

THE ANTI-VIRUS SPRAY

On Surfaces

Virex kills influenza virus and adeno virus on household surfaces. Also reduces the number of rhino and polio virus on household surfaces.

Kills dangerous bacteria like staph and strep.

In the Air

Virex reduces many viruses in the air. Significantly reduces airborne viruses and bacteria that can cause infection. Laboratory tests proved Virex effectively reduces influenza and adeno virus in the air.

Eliminates Room Odors

You'll like its clean fresh scent. Virex eliminates room odors almost instantly. Destroys many surface germs that cause odors—bacteriostatic residual spray action lasts 21 days. Effective against cooking, bathroom and smoke odors.

Prevents mold and mildew and the odors they cause.

Spray regularly in showers, sinks, bathtubs, toilets, hampers, closets, diaper pails, garbage cans—all hard to reach places where germs may be a problem.

CAUTION: FLAMMABLE.

DO NOT USE NEAR FIRE OR FLAME.

Avoid spraying near eyes, nose, food or food utensils. Contents under pressure. Do not set on stove or radiator or keep where temperature will exceed 120°F. as container may burst. Do not puncture or throw in fire. Do not spray on lacquered surfaces.

DIRECTIONS

To Disinfect Surfaces: Spray until surface is covered with mist.

To Sanitize the Air: Close all doors and windows, point upward and spray 20 seconds for large rooms, less for smaller rooms.

For Mold and Mildew Control on Hard Surfaces: Clean surface, then spray until covered with mist. Repeat application every 7 days.
