HOLD AS UPRIGHT AS POSSIBLE WHEN SPRAYING

RAID ANT AND ROACH KILLER

Do not spray near open flame. Do not smoke while using.

- Kills insects on contact
- Keeps on killing with residual action even after it dries
- Penetrating vapor reaches bugs through cracks and crevices - kills them where they hide
- Mist spray that doesn't run or drip
- Kills even resistant species

CAUTION: FLAMMABLE
DO NOT USE NEAR FIRE OR FLAME

DIRECTIONS FOR USE

Point valve toward surface to be sprayed and press button firmly. Hold container about 12" from the surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting. Wipe off the rubber and plastic materials.

ANTS: Apply to ant trails, around and under windows and wherever ants enter house. Repeat as necessary.

ROACHES, WATERBUGS: Spray until wet on cracks around baseboards and other hiding places. When bugs are driven out, spray directly. Repeat as necessary.

For other household insects like silverfish, crickets and spiders, spray areas infested by these pests. Repeat as necessary.

NOT A SPACE SPRAY-APPLY AS A SURFACE SPRAY ONLY

CAUTIONS: Harmful if swallowed, inhaled or absorbed through skin. If swallowed, induce vomiting. Get immediate medical attention. Atropine is antidotal. 2,4-DE is also antidotal and may be administered in conjunction with atropine. Avoid breathing spray mist. Do not apply to humans. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after use and before eating or smoking. Do not smoke while using. Keep out of reach of children. Do not allow children in treated areas until dry.

Do not use in commercial food preparation areas. Do not use in food products areas. If food preparation is to be done, adequate ventilation of area being treated. Do not spray more than 1 minute in average room. Do not apply to food or animal feed, food dishes or utensils.

Do not use under pressure. Never let container be subjected to radiation or flame where temperature will exceed 120°F which may cause container to burst. Do not puncture or throw container into fire.

Re-spray areas and cover fish bowls when spraying. Do not allow pets in the treated areas until dry.
