Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the products registered under EPA

4822-101

Raid Wasp & Hornet Killer

- Kills wasps and hornets on contact
- Kills with residual action as they return to nest
- Kills larvae and pupae in nests

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

Hold as upright as possible while spraying. For outdoor use only. Space spray. Stand safe distance 6 to 12 feet from nest and not directly underneath. Point spray opening toward nest with wind at your back. Spray until nest is thoroughly wet. Hit wasps and hornets as they return to nest. Do not try to spray insects in light. Best time to spray is in the morning or evening as wasps and hornets congregate on nests at that time. Residual action will kill wasps and hornets which return to nest. Wait at least 24 hours before removing nest. Do not apply to food, foodstuffs, dishes or utensils. Avoid spraying directly on vegetation.

DISPOSAL

Do not reuse empty container. Wrap container and put in trash receptacle.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

CAUTION

Harmful if swallowed or absorbed through the skin. Avoid contact with eyes or clothing. In case of contact immediately flush eyes with water. Get medical attention if irritation persists. Eye contact with stream may cause severe discomfort. Keep out of reach of children. Wash thoroughly with soap and water after use and before eating or drinking.

STATEMENT OF PRACTICAL TREATMENT

If swallowed do not induce vomiting. Get medical attention. If inhaled get medical attention. If on skin wash promptly with soap and water. If on skin wash promptly with soap and water.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Expire at temperatures above 120°F. May cause burning.
