DEET LIP Submissions

Formula 6099 #11 Insect Repellent
EPA Reg. No. 4822-254
Submissions: October 30, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Add the phrase "Use just enough repellent to cover exposed skin".
- 2) We note the addition of the sentence "Do not keep product on any longer than necessary". We believe this statement only partially complies with the intent of PR Notice 91-4. Add the phrase "After returning indoors, wash treated skin with soap and water".
- 3) For EPA Reg. No. 4822-197 and 4822-206, delete "Gives effective protection for the whole family" and "Provides hours of protection for the whole family".
- 4) For EPA Reg. No. 4822-239, note the correct spelling of black flies.

Sincerely,

Richard F. Mountfort
Product Manager 10
Insecticide & Rodenticide Branch
Registration Division (H7505C)

RSB

ACCEPTED
with COMMENTS
in EPA Letter Dated

NOV 12 1991

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
4822-119

JOHNSON WAX

(SPRAYS UPSIDE DOWN TOO)

Provides long lasting protection from mosquitoes and biting flies, gnats, sand flies, no-see-ums, deer flies, stable flies, black flies. Also repels ticks, chiggers, and fleas from treated skin. Gives effective protection.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS - CAUTION: Harmful if swallowed. Causes eye irritation. Avoid contact with eyes and lips. To apply to face, spray palm of hand and rub on. Do not apply to excessively sunburned or damaged skin. Use sparingly on small children. Do not allow use by small children without close adult supervision. May cause skin reaction in rare cases.

STATEMENT OF PRACTICAL TREATMENT: IF IN EYES - Flush eyes with plenty of water. If irritation persists get medical treatment. **IF SWALLOWED** - call a physician or poison control center. Get medical attention. If you suspect that you or your child is reacting to this product, wash treated skin and call your doctor.

PHYSICAL & CHEMICAL HAZARDS - FLAMMABLE: Contents under pressure. Do not use near heat, sparks or open flame. Do not puncture or incinerate containers. Exposure to temperature above 120 F may cause bursting. Keep treated surfaces away from fire or flame until dry.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Read all directions before using this product.**

Hold container 6 to 8 inches from skin or clothing and spray with a slow sweeping motion. Do not use as a space spray. Avoid over exposure. Frequent reapplication and saturation are unnecessary.
