## FOAM Lawn Weed Killer

ATTACHES TO HOSE  
KILLS DANDELIONS  
AND OTHER BROADLEAF WEEDS

**KILLS**  
Clover  
Chickweeds  
Dandelion  
Burdock  
Curly Dock  
Henbit  
Knotweed  
Plantains  
Ragweed  
Sheep Sorrel  
Wild Carrot  
and many  
other  
broadleaf  
weeds

NET WT 24 OZ (1 LB. 8 OZ.)

**WARNING: KEEP OUT OF REACH OF CHILDREN**  
SEE DIRECTIONS AND CAUTION ON BACK

COVERS 2,500 SQ. FT.

### DIRECTIONS: HOW TO OPERATE

1. Unscrew spray head. Remove and set aside white safety cap.
2. Attach spray head to hose perpendicular.
3. Screw can onto spray head but stop after 1st click. Turn on water. To start foam tighten can snugly. To stop foam loosen can until foam stops.

**NOTE:** When finished remove can from spray head before turning off water.

### DIRECTIONS: HOW TO USE

Spray lawn evenly with foam tracer. When applying walk at a steady pace holding sprayer about 3 feet above the lawn. The spray will treat 20 square feet in 5 seconds. Do not move too fast or weeds may be insufficient to kill all weeds.

Broadleaf weeds can be killed any time during the growing season but are most easily killed when growing vigorously. For best results, apply when air is calm and no rain is expected for 6 to 8 hours. After applying do not water treated areas for 6 to 8 hours or mow for 2 days.

**IMPORTANT:** Avoid drift onto vegetables, flowers, shrubs, ornamental plantings and other desirable plants. Do not apply within the drip line of small trees and shrubs. Do not spray when temperature is over 85°F. Newly seeded lawns may be treated after second mowing.

Avoid spraying concentrated foam on grass or other plants. If spillage occurs, flush thoroughly with water.

Do not contaminate domestic or irrigation waters. Do not store in direct contact with fertilizers, seeds, insecticides or fungicides. Do not use on Centipede grass, St. Augustine grass or Dichondra nor on lawns where desirable Bent grass or Clover are present.

**CAUTION:** Avoid contact with skin, eyes and clothing. In case of contact flush with water. Harmful if swallowed. Keep out of reach of children.

**WARNING:** Contents under pressure. Do not puncture. Do not use or store on stove, near heat or open flame. Exposure to temperatures above 120°F may cause bursting. Never throw container into fire or incinerator.

**ACTIVE INGREDIENTS:**

Diethanolamine salt of 2,4-dichlorophenoxyacetic acid*	2.98%
Monoethanolamine salt of dicamba**	1.27%
Monoethanolamine salts of related acids***	0.24%
<b>INERT INGREDIENTS</b>	<b>95.51%</b>

\* 2,4-dichlorophenoxyacetic acid equivalent 0.48% by wt.  
\*\* 3,6-dichloro-o-anisic acid equivalent 0.48% by wt.  
\*\*\* Related acids equivalent 0.19% by wt.
