RAID CRACK & CREVICE SPRAY

FOR CRAWLING INSECTS

WAND APPLICATOR ALLOWS SPRAYING INTO CRACKS AND CREVICES WHERE CRAWLING BUGS ARE KNOWN TO HIDE

- Kills insects on contact
- Keeps on killing with residual action even after it dries
- Kills even resistant roaches

DIRECTIONS FOR USE:

NO VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

USE AS A SPACE SPRAY OR AS A SURFACE SPRAY ONLY

Shake can before use. Extend wand applicator into position before spraying. This product is designed for applying to surfaces or into cracks and crevices.

Roaches, Waterbugs: Spray directly into cracks and crevices, particularly under baseboards where roaches like to go, and where the insecticide won't be mopped away. Slight foaming action of this formula completely fills tight crevices leaving a long term insecticidally active residue.

Spray into hard to reach places; behind refrigerators, washers, under sinks, between cabinets, under counters, etc.

Ants: Apply to ant trails; also around doors, windows and wherever ants enter house. Repeat as necessary.

For other crawling insects like Silverfish, Crickets, and Spiders, spray areas infested by these pests. Repeat as necessary.

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. If swallowed, get immediate medical attention — Notify Physician: Atropine is antidotal and should be administered only after symptoms appear. Avoid breathing spray mist. Do not apply to humans. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after use, and before eating or smoking. Do not smoke while using. Keep out of reach of children; do not allow children in treated areas until dry. Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Remove birds and cover fish bowls when spraying. Do not allow pets on treated areas until dry. Do not spray on plants or shrubbery.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 120°F. may cause bursting. Never throw container into fire or incinerator.

ACTIVE INGREDIENTS: 0,0-diethyl-0-3,5,6-trichloro-2-pyridyl phosphorothioate, 0.25%; pyrethrins, 0.08%; technical piperonyl butoxide, 0.40% (equivalent to 0.32% of (butylcarbityl) (6-propyl piperonyl) ether and 0.08% related compounds); petroleum distillate, 0.46%.

INERT INGREDIENTS: 99.11% S. C. JOHNSON & SON, INC. RACINE, WIS. 53403 U.S.A.
