2 of 2

so fast you see then fall

WARNING: FLAMMABLE * DO NOT USE NEAR FIRE OR FLAME

DIRECTIONS
Shake Before Using

* To unlock sprayer valve, push down tab inside nozzle and remove it.
* Always shake can well before spraying. Hold container upright. * Point sprayer cap away from face and press button firmly.

TO KILL FLIES, MOSQUITOES, SMALL FLYING MOTHS, AND GNATS: RAID Professional Strength Flying Insect Killer is most effective when you spray directly on flies. You can also clear an average size room (1000 cubic feet) in a matter of minutes, by simply spraying upward with a sweeping movement, keeping about 3 feet from walls, fabrics, and furniture, until the room is filled with mist. (4 seconds spray time for 1000 cubic feet.) Keep doors and windows closed for about 15 minutes. * Do not remain in treated areas. Ventilate the area after treatment is completed.

This product has been tested and proved effective when sprayed directly on Roaches, Waterbugs, Silverfish, Crickets, and Ants. **TO KILL ROACHES, WATERBUGS, SILVERFISH, CRICKETS:** Spray hiding places such as baseboards and floorboards, moist places, openings around sinks, drains and pipes, behind bookcases, cabinets, and other storage areas hitting as many insects as possible. Repeat applications as necessary.

ANTS: Spray trails, hills, around windows and sills and openings around pipes and baseboards where ants crawl hitting as many as possible. Repeat applications as necessary.

WARNING! Flammable! Contents under pressure. Do not use near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 120 F. may cause bursting.

CAUTIONS: Keep out of reach of children. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation.

Remove pets, birds and cover fish aquariums before spraying.

ACTIVE INGREDIENTS: d-trans allethrin (allyl homolog of Cinerin 1), 0.500%; (5-Benzyl-3-furyl)methyl-2,2-dimethyl-3-(2-methylpropenyl)cyclopropane-carboxylate, *0.075% and related compounds 0.010%.

* Cis-trans isomer ratio: Max. 30% (+/-) cis and Nim. 70% (+/-) trans.

INERT INGREDIENTS: 99.415% (Contains 0.08% sodium nitrite.)
