PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Keep out of reach of children. Do not remain in enclosed areas after use. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

PHYSICAL AND CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING. Point spray nozzle away from face and press button, holding container as upright as possible.

TO KILL FLYING INSECTS: Flies, Mosquitoes, Small Flying Moths, Gnats. With Raid there is no need to spray directly at flying insects -- the mist in the air will kill them. Close all doors and windows. Spray Raid up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics, furniture, until room is filled with mist. Keep room closed for 15 minutes.

WASPS: Spray directly at stray wasps that enter building.

TO KILL CRAWLING INSECTS: Roaches, Water bugs, Silverfish, Crickets: Spray hiding places such as baseboards and floorboards, moist places, openings around sinks, drains and pipes, behind bookcases, cabinets and other storage areas, hitting as many insects as possible. Repeat as necessary.

ANTS: Spray trails, hills, around window frames and openings around pipes and baseboards where ants crawl, hitting as many as possible. Repeat as necessary.

FLEAS: Spray floors, floor coverings and sleeping quarters of pets. Repeat spraying as often as necessary.

SPIDERS, CENTIPEDES, SOW BUGS: Spray webs and places where these pests crawl. Hit as many as possible. Repeat as necessary.

CARPET BEETLES: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets. Repeat spraying at frequent intervals.

BEDBUGS: Spray baseboards, moldings, floorboards. Spray mattresses, particularly around seams and tufts. Take beds apart and spray into all joints. Repeat spraying at frequent intervals.

STORAGE: Store in an area inaccessible to children.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash collection.

JOHNSON and RAID are Trademarks.
