NOTIFICATION
OCT 17 2002

Dear Ms. Edwards:

In a letter dated September 27, 2002 (see attached), Marion Johnson announced that in an effort to improve consumer awareness, DEET registrants would be allowed to permanently amend their labels via notification by utilizing the common name for DEET in place of the lengthier chemical name. SCJ wishes to take advantage of this opportunity and has revised the attached label accordingly.

To facilitate these changes we have enclosed a fully executed Application for Pesticide Registration and two copies of the revised labeling. For your convenience all revisions have been marked in ***bold Italics***.

Thank you for your assistance with this matter. Should you have any questions regarding this submission or require anything additional please feel free to contact me at (262) 260-2871.

Regards,

Jean M. Fugate
Registration Specialist
