New! Spray & Fog

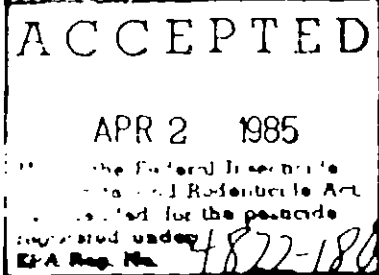

The 2-way system for complete roach & flea control

ACTIVE INGREDIENTS: Tetramethrin [(1-cyclohexene 1,2-dicarboximido) methyl 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate] 0.540%, 3-phenoxybenzyl d-cis and trans-2,2-dimethyl-3-(2-methylpropenyl) cyclopropane-carboxylate 0.387%, related isomers 0.018%, pyrethrins 0.050%, technical piperonyl butoxide 1.000% (equivalent to 0.800% of butyl carbitol) (6-propylpiperonyl) ether and 0.200% related compounds), N-octyl bicycloheptene dicarboximide 1.670%, petroleum distillate 1.200% INERT INGREDIENTS 95.135% *Cis:trans isomer ratio Max 25% (-) cis and Min 75% (+) trans

NET WT. 7 OZ.

CAUTION: KEEP OUT OF REACH OF CHILDREN See directions and warning on back

The 2-way system to spot spray and then fog for complete roach and flea control. • Spray kills on contact • Fog seeks out bugs where they hide One can will spot spray and fog a room of up to 15' x 22' x 8' of space. Use half the can for spot spraying and half the can for fogging.

For use in homes, apartments and restaurants. Apply this product only as directed.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly after handling. Do not remain in enclosed area after use. Stay out of rooms being treated for at least two hours. Ventilate enclosed area before returning. Avoid contamination of food and foodstuffs. All food preparation surfaces should be covered during application and thoroughly cleaned before use. Apply only when no food is being prepared. Remove pets, birds, and cover and turn off fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists. IF ON SKIN: Wash off with soap and water.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Contents may burn. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. When fogging DO NOT place in small enclosed areas or restricted spaces such as cabinets, closets or under tables.

DIRECTIONS FOR USE

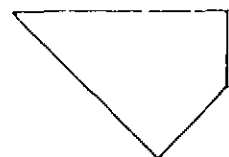

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

PREPARATION OF ROOM: To kill roaches, fleas, ticks, spiders, flies, mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, crickets, crickets and small flying insects. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. REMOVE pets and cover and turn off or remove fish tanks and bowls. OPEN cupboards, cabinets, trunks, and doors to area to be treated. COVER waxed wood floors and waxed furniture in the immediate area surrounding the fogger. (Newspaper may be used.) CLOSE outside doors and windows. Shut off fans, air conditioners, and pilot lights.

STORAGE: Store in an area inaccessible to children. DISPOSAL: Do not reuse empty container. Wrap container and put in trash.
