DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING:

Holding container as upright as possible, point actuator opening away from face and push button. To spray remove tab on front of cap.

TO KILL HOUSEHOLD PESTS

FOR FLYING INSECTS:

To kill houseflies, mosquitoes, small flying moths, gnats. Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of the room especially toward windows and other light sources which attract these insects. Fill room with mist then leave the treated areas. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed.

To Kill Wasps: Applications should be made in late evening when insects are at the nest. Spray liberally into hiding and breeding places containing as many insects as possible. Repeat as necessary. Spray directly at stray wasps that enter buildings.

FOR CRAWLING INSECTS:

To kill Roaches, Waterbugs, Crickets, Silverfish, Spiders, Sow bugs, Millipedes, Earwigs, Caterpillars and Boxelder Bugs. Hold dispenser about 12 inches from insects or surface being sprayed. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes, and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible.

Carpet Beetles: Spray top and underside of rugs or infected upholstery. Allow to dry before contact. Repeat as necessary.

Ants: Spray trails and nest, around doors, and window frames. Spray on ants where possible. Repeat as necessary.

Fleas and Ticks: Spray floors, floor covering and sleeping quarters of pets. Repeat as necessary. Spray the insects directly whenever possible, and apply to localized areas where infestations occur.

TO KILL GARDEN PESTS & PROTECT ORNAMENTAL PLANTS

(Listed on Front Panel)

Spray garden plants when air is still and temperature is not above 90°F. Spray with a slow sweeping motion about 36 inches from all plants. Avoid waiting -- a light spray kills pests effectively. Spray in short bursts. Repeat application from time to time as long as insects are present. Use with caution on tender foliage, young plants and new growth. For adult Whiteflies, Spider Mites, and Gypsy Moth Larvae, be sure to direct spray to contact these pests. Thoroughly cover the infested area. Repeat applications as necessary.

STORAGE AND DISPOSAL

STORAGE:

Store away from heat or open flame in an area inaccessible to children.

DISPOSAL:

Do not re-use empty container, wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through the skin. Avoid contact with skin, eyes and clothing. Keep out of reach of children. Do not remain in enclosed areas after use. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT:

If on skin: remove with soap and water. If irritation persists, seek medical attention.

If in eyes: Flush with plenty of water. If irritation persists, seek medical attention.

ENVIRONMENTAL HAZARDS: This product is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F. may cause bursting.
