**RAID FORMULA 5249
MULTI-PURPOSE BUG KILLER**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake Well Before Using FOR SPACE SPRAY APPLICATION: To obtain fine mist for use as a space spray, unscrew tip of nozzle approximately one complete turn. To dispense the product, squeeze trigger firmly. To prime, several pumps may be required before any liquid is dispensed.

FOR SURFACE SPRAY APPLICATION: To obtain a coarser spray for surface application, continue rotating nozzle until desired spray pattern is achieved.

FOR MAXIMUM SPRAY CONTROL: To direct spray into tight areas, continue rotating nozzle until product is dispensed as a jet stream.

TO KILL HOUSEHOLD PESTS FOR FLYING INSECTS: To kill Houseflies, Mosquitoes, small flying Moths, Gnats. Close all doors and windows. Adjust sprayer to fine mist as directed above. Point nozzle upward. Direct spray mist to all parts of the room especially windows and other light sources which attract these insects. Fill room with mist then leave the treated areas. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is complete.

TO KILL WASPS: Applications should be made in late evening when insects are at rest. Adjust trigger nozzle to jet stream for maximum control and spray liberally into hiding and breeding places containing as many insects as possible. Repeat as necessary. Spray directly on stray wasps that enter buildings.

FOR CRAWLING INSECTS: To kill Roaches, Waterbugs, Crickets, Silverfish, Sowbugs. Adjust trigger nozzle to coarse spray. Hold dispenser about 12 inches from surface being sprayed. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible.

SPIDERS: Adjust trigger nozzle to coarse spray. Spray thoroughly at spiders and webbing and all cracks and crevices which harbor these pests. Repeat as necessary.

CARPET BEETLES: Adjust trigger nozzle to coarse spray. Spray top and underside of rugs. Repeat as necessary.

ANTS: Adjust trigger nozzle to coarse spray. Spray trails, nests, door and window frames. Spray on ants where possible. Repeat as necessary.

TO KILL GARDEN PESTS & PROTECT ORNAMENTAL PLANTS: (Listed on Front Panel) Spray garden plants when air is still and temperature is not above 90 F. Use with caution on tender foilage, young plants and new growth. Adjust trigger nozzle to coarse spray and spray with a slow sweeping motion about 18 to 24 inches from plants. Avoid wetting - a light spray kills pests effectively. Repeat application from time to time as long as insects are present. For adult whiteflies and spider mites, be sure to direct spray to control these pests. Thoroughly cover the infested area. Repeat applications as necessary.

STORAGE: Store in an area inaccessible to children.

DISPOEAL: Do not reuse container or sprayer for any other purpose. Wrap container and put in trash collection.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Keep out of reach of children. Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with eyes, skin or clothing. In case of contact, flush eyes and skin with plenty of water. Get medical attention if irritation persists. Do not remain in enclosed areas after use. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Remove pets, birds, and cover fish aquariums before spraying.
