MULTI-BUG KILLER FORMULA D39

DIRECTIONS FOR USE: SPRAY WEEKLY THROUGH SPRING
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To kill crawling insects: fleas, ticks, ants, spiders, flies, mosquitoes, water bugs, silverfish, crickets, cockroaches, earwigs, centipedes. Use spray nozzle to stream insects, killing as many bugs as possible. To kill flying insects: House flies, mosquitoes, small flying ants, gnats. Use spray nozzle to spray position from about 3 feet away from walls, fabrics and furniture. To kill garden insects and to protect house plants, flowers and shrubs. Do not use on edible crops. For best results, spray when air is still. Avoid spraying plants when temperature exceeds 85°F. To control aphids, Japanese beetles, red spider mites, spotted thrips, leafhoppers, whiteflies, army worms and long-horned beetles, use fine mist spray about 10 to 24 inches from untreated plant. Direct spray to all sides of foliage until slightly moist.

Just before using: Repeat as necessary to gain control. Use with caution on animals, children, fish/aquaria, ornamentals, citrus, grapes, lawn, vinyl, parrotfish, rugs, walls and polyurethane. These plants may be subject to leaf or flower burn under certain conditions of use.

Storage: For storage, use sprayer in off position and store in a cool place. Dispose: Do not reuse empty container. Wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS
DANGER TO HUMANS AND DOMESTIC ANIMALS
CAUTION: Irritant if inhaled. Avoid contact with eyes and skin. Avoid breathing spray mist. If swallowed, get medical attention. If in eyes, flush with plenty of water. If on skin, flush with plenty of water. Wash after using. This product is not to be used on edible products, area of food processing or handling plants.

ENVIRONMENTAL PRECAUTIONS: This pesticide is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water when disposing of equipment and containers.
