

**KILLS INSECTS ON CONTACT  
KEEPS ON KILLING WITH RESIDUAL ACTION FOR WEEKS  
KILLS BUGS DEAD!**

**ACTIVE INGREDIENTS:**  
Phosphorus trihydride  
Phosphorus pentoxide  
Phosphorus trichloride  
Phosphorus pentachloride  
Phosphorus pentasulfide  
Phosphorus pentoxide  
Phosphorus pentachloride  
Phosphorus pentasulfide

**INERT INGREDIENTS:**  
Water  
Alcohol  
Acetone  
Benzene  
Carbon tetrachloride  
Diethyl ether  
Dichloromethane  
Dibromochloromethane  
Dibromofluoromethane  
Dibromofluoroethane  
Dibromofluoropropane  
Dibromofluorobutane  
Dibromofluoropentane  
Dibromofluorohexane  
Dibromofluoroheptane  
Dibromofluorooctane  
Dibromofluorononane  
Dibromofluorodecane  
Dibromofluoroundecane  
Dibromofluorododecane

**KEEP OUT OF REACH OF CHILDREN**  
**CAUTION**  
EFFECTIVE AGAINST:  
**NET CONTENTS 1 QT (32 FL. OZ.)**

**Raid LIQUID ROACH! & ANT KILLER  
FORMULA I**

Phosphorus trihydride, phosphorus pentoxide, phosphorus trichloride, phosphorus pentachloride, phosphorus pentasulfide • Kills on contact • Residual action with residual action even after 10 days • Kills you in control • No strong solvent odor • EFFECT ON HUMANS

**SHARE BEFORE USING:** ...  
**HOAUSED WATERBUGS:** ...  
**ANTS:** ...  
**FLEAS:** ...  
**SLIVERISH CREWETS, MILLIPEDES, CENTIPEDES, SPIDERS:** ...

**DISPOSAL:** ...  
**PRECAUTIONARY STATEMENTS:**  
**HAZARDS TO HUMANS & DOMESTIC ANIMALS**  
**CAUTION**

**STATEMENTS OF PRACTICAL TREATMENT:** ...
