SEE DIRECTIONS AND WARNINGS ON BACK

**Directions for Using Container**  
**SHAKE BEFORE USING**

1. Place a section of newspaper on a stand or table in center of room to be fogged.
2. Tilt sprayer AWAY from face (container sprays straight up). Press down firmly on edge of sprayer until it locks in place.

3. Set Fogger on newspaper, leave room and close door.
4. After actuating, Fogger leave room or house at once. Keep treated area closed for at least two hours, then open all doors and windows and allow treated area to air for 30 minutes.

**INDOOR FOGGER**

FORMULA VII

One can treats a room of up to 6000 cubic feet of unobstructed space. (25 x 30 x 8')

Raid Indoor Fogger Formula VII kills adult fleas and roaches and pre-adult fleas. It helps prevent reinfestation and flea build up, protecting your family and pets from bites. It effectively breaks the flea life cycle, killing pre-adult fleas before they grow up and bite. One application (treatment) controls fleas in the treated area for up to 2½ months (75 days, 10 weeks).

Raid Indoor Fogger Formula VII leaves no odors, does not stain furnishings and is easy to use.

For use in restaurants, schools, homes, apartments, garages, supermarkets, food processing plants, railroad cars, trailers, buses, warehouses, office buildings, food storage areas, kennels, commercial buildings and zoos. Apply this product only as specified on this label.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After space spraying in food processing plants and other areas, wash all equipment with potable water, benches, shelving, etc., where exposed food will be handled. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds, and cover fish aquariums before spraying.

**STATEMENT OF PRACTICAL TREATMENT**

IF SWALLOWED — do not induce vomiting. Get medical attention. Call TO PHYSICIAN — may present aspiration hazard.

**PHYSICAL OR CHEMICAL HAZARDS**

**FLAMMABLE:** Contents under pressure. Do not use or store near heat, sparks, open flame or pilot lights. Do not puncture or incinerate container. Exposure to temperature above 120°F. may cause bursting. Do not spray on walls, composition tile or plastic.

**DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
