INDOOR FOGGER

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.

FORMULA VII

The Raid Indoor Fogger kills roaches fleas, pre-adult fleas, ticks, spiders, flies mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, earwigs, crickets and small flying moths. Use the Raid Indoor Fogger, Formula VII, for bug infestations in houses, apartments, attics and garages.

Raid indoor Fogger Formula VII kills adult fleas and roaches, and pre-adult fleas. It helps prevent reinfestation and flea build up, protecting your family and pets from bites. It effectively breaks the flea life cycle killing pre-adult fleas before they grow up and bite. One application (treatment) controls fleas (in treated area) for up to 2 1/2 months (75 days, 10 weeks).

Raid Indoor Fogger Formula VII leaves no odors, does not stain furnishings and is easy to use.

This Raid product allows you to automatically fill a whole room with insect killing fog while you are away.

The Raid Indoor Fogger Formula VII is designed for use whenever a bug infestation occurs in your house. For best results, use the Fogger in conjunction with the other Raid products for regular control of bug problems.
