RAID FOGGER FORMULA V

Flea and Roach Fogger

Kills With Pyrethrin Insecticide

Kills On Contact

Kills Fleas (Dead) (and) (Plus kills) (Their) Hatching Eggs for (4)(7) months (210 days) (30 weeks)

Water Based Formula

Pyrethrins are extracted from the flower chrysanthemum cinerariaefolium.

Non-staining, fresh, clean smelling formula.

Egg-Stop Formula provides (7) months of protection by stopping eggs-larvae from ever developing into biting fleas.

This unique Raid product allows you to automatically fill a whole room with insect (flea) killing fog while you are away.

Money-back Guarantee

2/3

Raid Fogger Formula V is designed for use whenever a flea (bug) infestation(s) occur(s) in your house. (For a complete flea control program, or for particularly heavy flea infestations, use Raid Fogger Formula V in conjunction with other Raid Flea Killer Plus products (Dog Spray, Yard Spray, Carpet and Room Spray).)

SHAKE WELL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

KILLS: Roaches, fleas, ticks, spiders, flies, mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, earwigs, palmetto bugs, crickets and small flying moths. Use Raid Fogger Formula V for bug (flea) infestations in HOUSES, APARTMENTS, ATTICS AND GARAGES.

One 6 oz can treats 4600 cubic feet of unobstructed space (25'x23'x8').

Preparation and Directions for Using Container:

- 1) Open cabinets, cupboards, drawers, closets and doors in areas to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. REMOVE pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. COVER waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger (newspapers may be used).
- 2) CLOSE outside doors and windows. SHUT OFF fans and air conditioners. Extinguish all flames and pilot lights. Do not use fogger in a cabinet or under a counter or table. Use only one can in rooms 12' X 12' or smaller.
- 3) Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels.
- 4) SHAKE CAN WELL. Break off and remove tab on side of sprayer. Tilt sprayer AWAY from face (container sprays straight up). Press down firmly on sprayer pad until it snaps into place.
- 5) Set fogger on covered stand. Immediately leave treated area.
- 6) Keep treated area closed for at least two hours. Before reoccupying area, open all doors and windows and allow treated area to air for 30 minutes.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or sinks. Do not use in a room 5 ft. x 5 ft. or smaller, instead allow fog to enter from other rooms. Turn off all ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e. refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

STORAGE AND DISPOSAL

STORAGE: Store away from heat, sparks, and open flames in an area inaccessible to children.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash.

3/3

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Avoid breathing vapors. Avoid contact with skin or clothing. Wash thoroughly after handling. Do not remain in enclosed areas after use. Stay out of rooms being treated for at least two hours. Ventilate enclosed area before returning. Avoid contamination of food and foodstuffs. All food preparation surfaces should be covered during application and thoroughly cleaned before use. Apply only when no food is being prepared. Remove pets, birds and cover (and turn off) fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.

This product contains a highly flammable ingredient. It may cause fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

Highly Flammable Ingredient
Ingredienti Altamente Inflamabile

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.
