LABEL CLAIMS
NOTIFICATION

Dear Ms. Hobgood:

Re: RAID Fogger Formula V, EPA Reg. No. 4822-229
Notification of Packaging-Related Claims and Directions

This is to notify the Agency that we have added a delayed activation feature to our foggers, allowing consumers time to leave the area before fogging starts. As a result, we will be adding claims and brief explanatory text in the use directions to inform the consumer that the fogging is delayed, it will begin in a certain period of time, and to inform them that the release of a tiny plug of non-toxic sealant material indicates that the delayed timing period has begun. Also in the use directions, we would like to add the option of instructing the consumers to "turn off" (as an alternative to "extinguish") pilot lights etc. We believe this language is consistent with the language required by the Total Release Aerosol rule, as well as more readily understood.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions concerning this submission or if there is any further information I may provide, please call me at 262-260-2405.

Thanks very much.

Sincerely,

Stuart McArthur

NET WT.

BACK PANEL

Raid Fogger Formula V is designed for use whenever a flea (bug) infestation(s) occur(s) in your house. (For a complete flea control program, or for particularly heavy flea infestations, use Raid Fogger Formula V in conjunction with other Raid Flea Killer Plus products (Dog Spray, Yard Spray, Carpet and Room Spray).)
SHAKE WELL BEFORE USE

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

KILLS: Roaches, fleas, ticks, spiders, flies, mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, earwigs, palmetto bugs, crickets and small flying moths. Use Raid Fogger Formula V for bug (flea) infestations in HOUSES, APARTMENTS, ATTICS AND GARAGES.

One 6 oz can treats 4600 cubic feet of unobstructed space (25'x23'x8').
One 5 oz can treats 3,840 cubic feet of unobstructed space (24'x20'x8').

For best results, treat pet with an appropriate flea control product before returning the pet to the treated area.

Preparation and Directions for Using Container:

1) Open cabinets, cupboards, drawers, closets and doors in areas to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces. REMOVE pets and birds, cover and turn off fish aquariums before spraying. Turn off air flow systems in aquariums. COVER waxed wood floors, waxed furniture and stereo or other plastic dust covers in the immediate area surrounding the fogger (newspapers may be used).

2) CLOSE outside doors and windows. SHUT OFF fans and air conditioners. (Extinguish) **(turn off)** all flames and pilot lights. Do not use fogger in a cabinet or under a counter or table.

3) Place a chair, table or stand in the center of the room to be fogged. Cover with several layers of newspaper or paper towels.

4) SHAKE CAN WELL. (Break off and remove) **(bend)** tab on side of sprayer. Tilt sprayer AWAY from face (container sprays straight up). Press down firmly on sprayer pad until it snaps into place. **A small amount of (clear)(colored)(name of color) material will be slowly released, indicating that the (timer has been activated) (time delay) (delayed action) (timer) (has begun).**

5) Set fogger on covered stand. Immediately leave treated area. **(Fogging will begin in approximately (#)(seconds)(minutes).)**

6) Keep treated area closed for at least two hours. Before reoccupying area, open all doors and windows and allow treated area to air for 30 minutes.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets, or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller, instead allow fog to enter from other rooms. Turn off all ignition sources such as pilot lights (shut off gas valves), other open flames, or running electrical appliances that cycle off and on (i.e. refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

STORAGE AND DISPOSAL

STORAGE: Store away from heat, sparks, and open flames in an area inaccessible to children.

DISPOSAL: Do not Puncture or Incinerate!

If empty: Place in trash or offer for recycling, if available.

If partially filled: Call your local solid waste agency or 1-800-529-3394 for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin or clothing. Wash thoroughly after handling. Do not remain in enclosed areas after use. Stay out of rooms being treated for at least two hours. Ventilate enclosed area before returning. Avoid contamination of food and foodstuffs. All food preparation surfaces should be covered during application and thoroughly cleaned before use. Apply only when no food is being prepared. Remove pets, birds and cover (and turn off) fish aquariums before spraying.

First Aid

Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

6 8 6

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.

This product contains a highly flammable ingredient. It may cause fire or explosion if not used properly. Follow the "Directions for Use" on this label very carefully.

**Highly Flammable Ingredient
Ingredientes Altamente Inflamable**

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.
