Ms. Jean M. Fugate,
Registration Specialist II
S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

**Subject: Final Amended Reregistration Label
OFF!® TOWELETTE INSECT REPELLENT, EPA Reg. No. 4822-258
Your E-Mail Resubmission June 16, 2009**

Dear Ms. Fugate:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

Current labels on DEET repellent products tend to dissolve from contact with the repellent (usually liquids). All reregistered DEET product labels must use materials that remain permanent and readable for the reasonable life of the product.

The Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label stamped "Accepted" is enclosed for your records. If you have any questions about this label review, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely Yours,

For A handwritten signature in black ink, appearing to read "Carmen J. Rodia, Jr.", is written over the typed name.

Richard J. Gebken
Product Manager (10)

Keep Out of Reach of Children

WARNING

See additional precautions on (side) (back) panel

NET WT: X OZ.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS: WARNING – Causes substantial but temporary eye injury. Do not get in eyes. Harmful if swallowed. Use of this product may cause skin reactions in rare cases. Wash treated clothing before wearing it again. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

[Note to reviewer: Boxed format or bullets may be used in First aid section if label space permits]

FIRST AID

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center.

PHYSICAL & CHEMICAL HAZARDS: FLAMMABLE - Do not use near heat or open flame. Keep treated surfaces away from fire or flame until dry.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Read and follow all directions and precautions on this product label.**

Open package, remove and unfold towelette. Moisten all exposed skin evenly and completely. Do not apply over cuts, wounds, irritated or sunburned skin. Do not apply near eyes and mouth. Apply sparingly around ears. Use

5/5

just enough repellent to cover exposed skin. Avoid over-application of this product. Frequent reapplication is unnecessary. Do not allow children to handle this product. Do not apply to children's hands. After returning indoors, wash treated skin with soap and water. Do not use under clothing. Will not damage cotton, wool or nylon. DO NOT APPLY ON OR NEAR: acetate, rayon, spandex, or other synthetics (other than nylon), furniture, plastics, leather, watch crystals and painted or varnished surfaces including automobiles.

[Note to reviewer: If any "hours of duration" claims are used on the marketed product label, the following statement will be included: "Some may need more than one towelette for adequate coverage."]

STORAGE AND DISPOSAL

STORAGE: Store away from heat or flame in an area inaccessible to children.

[The following is for individually-wrapped towelettes]

DISPOSAL: Before disposing, empty package by using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash.

[The following is for outer containers containing individually-wrapped towelettes]

DISPOSAL: Before disposing, empty package using the product according to the label. Do not reuse towelette or wrapper. Place used towelette and wrapper in trash. Place outer container in trash or offer for recycling if available.

[The following is for outer containers containing towelettes that are not individually-wrapped]

DISPOSAL: Nonrefillable container. Before disposing, empty package using the product according to the label. Do not reuse or refill outer container. Do not reuse towelette. Place used towelette in trash. For unused towelettes: Call your local solid waste agency or 1-800-529-3394 for disposal instructions. Place outer container in trash or offer for recycling if available.
