

S.C. JOHNSON
#271 RAID ROACH & ANT KILLER and TREATMENT

CLAIMS FOR USE ON EITHER FRONT OR BACK PANEL

Can be used around electrical equipment

Dielectric breakdown voltage of 32.5 kV

Dielectric breakdown voltage of 32,500 volts

Drives roaches out! Kills them dead!

Electrically non-conducting

Flushing action drives roaches from their hiding places so they cross treated areas and die

Kills in seconds

Kills in 4 seconds

Kills larvae and pupae in nests

Kills on contact

Kills roaches dead

Kills the entire nest

Kills with residual action

Kills wasps and hornets on contact

Kills wasps, hornets & yellow jackets instantly

Repels roaches from problem areas with regular use

Repels ants from problem areas with regular use

Roach killer

Sprays 20 feet

ACTIVE INGREDIENTS:

Tetramethrin [(1-cyclohexene-1,2-dicarboximido)methyl

2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate] 0.20%

(3-phenoxyphenyl)methyl (+/-)cis-trans-3-(2,2-dichloroethenyl)-

2,2-dimethylcyclopropanecarboxylate 0.20%

INERT INGREDIENTS*:

99.60%

*Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Additional Precautionary Statements on Back

NET WT. 12 OZ., 14 OZ., 17 OZ., 17.5 OZ.

Twist and snap off tab before spraying (w/graphic)

S.C. JOHNSON
#271 RAID ROACH & ANT KILLER and TREATMENT

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Deleting "Do not use this product in or on Electrical Equipment due to the possibility of shock hazard."

FOR INDOOR USE:

FOR USE IN: Homes, apartments, basements, attics, garages, kitchens, bathrooms, and other household areas.

Hold container upright. Apply to surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 12" from the surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting of carpets, furniture, drapes and asphalt tile.

ROACHES, WATERBUGS: Initial Treatment: Spray thoroughly in cracks around baseboards, behind and beneath cabinets, refrigerators, sinks, stoves, around plumbing and other localized areas where roaches live and breed. When insects are driven out spray directly hitting as many as possible. Also spray around window and door frames if insects are entering from outside.

Follow-up Treatment: Respray weekly all troublesome areas where roaches are seen or where the infestation was heavy. (After 3-4 weeks of "follow-up treatments" reapply only as needed.)

ANTS: Apply to ant trails; also around doors, windows and wherever ants enter house. Repeat as necessary. **SILVERFISH, CRICKETS, SPIDERS:** Spray areas infested by these pests. Repeat as necessary.

FOR OUTDOOR USE:

To Kill paper wasps, yellow jackets, mud daubers, bald-face hornets, and bees: For best results, spray in early morning or early evening when insect activity is minimal. Stand safe distance from nest and not directly underneath. Hold can as upright as possible while spraying. Point spray opening toward nest with wind at your back. Spray until nest is thoroughly saturated to kill the entire nest population. Residual action will kill wasps and hornets which return to nest. Wait at least 24 hours before removing the nest. Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Avoid spraying vegetation directly. Avoid excessive wetting of asphalt.

STORAGE: Store away from heat, sparks, and open flame in an area inaccessible to children.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash.

[Per PR Notice 94-2, the following Disposal statement may be used:

DISPOSAL: This container may be recycled in the few but growing number of communities where aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, do not reuse empty container. Wrap the container and discard in trash.] (w/Steel graphic)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Provide adequate ventilation of area being treated. Do not apply to pets or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils and food handling equipment.

FIRST AID:

IF SWALLOWED – Call a physician or Poison Control Center. May pose an aspiration pneumonia hazard. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol. NOTE TO PHYSICIAN: Product contains petroleum distillate. IF ON SKIN – Wash with plenty of soap and water. Get medical attention if symptoms persist.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to fish. Do not apply to water. Do not contaminate water by disposing of equipment washwaters**.

**(This statement to appear on the final printed labeling only if outdoor uses appear.)

PHYSICAL/CHEMICAL HAZARDS:

FLAMMABLE. CONTENTS UNDER PRESSURE. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not place on stove, radiator or place where temperature exceeds 130°F.

CONTAINS NO CFCs OR OTHER OZONE DEPLETING SUBSTANCES. FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS. (w/graphic)
