- o Prevents hatching fleas from becoming full grown for 120 days (4 months)
- o Has a unique combination of ingredients that prevent the development of pre-adult fleas into biting adult fleas

FOR USE IN THE HOME:

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USE. Hold container upright. Point valve away from face and press button.

FOR USE INDOORS: To kill fleas and ticks hold can 2-3 feet from surfaces to be treated. Be sure to apply uniformly, using a sweeping motion, to rugs, carpets, drapes and all surfaces of upholstered furniture. Treat under and around furniture if pets frequently rest in these areas. Repeat as necessary. Use RAID Flea Killer Plus in conjunction with RAID Fogger for particularly heavy flea infestations and for a complete flea control program.

FOR USE IN PET AREA: Treat pet bedding and other pet resting areas as these are primary hiding areas for fleas and ticks. No need to remove pet bedding after treatment. Follow directions as for other indoor areas. For best results pets should be treated before they return to the treated area.

FOR USE ON CATS AND DOGS: To control fleas (and ticks) on cats and dogs; hold can upright about 10-12 inches from pet. Spray to lightly dampen the animal's coat up to the head. For long-haired pets ruffle the coat and spray against the lay of the hair, spraying directly behind the hand so that spray reaches the skin. Rub into animal's coat to assure even coverage. Use fingers to rub product around eyes, mouth and ears. Do not spray head, genital-anal area or open wounds. DO NOT OVER APPLY. Reapply weekly or as necessary. Do not treat or cause exposure of animals under six weeks old. Some animals may be sensitive to this product. If adverse reactions occur, bathe the animal immediately. If symptoms persist, contact a veterinarian. (For best results in controlling tick infestations, spray ticks directly.)

**JOHNSON WAX
RAID FLEA KILLER PLUS**

TO KILL: Roaches, waterbugs, silverfish, crickets, spray hiding places such as baseboards, pipes, behind bookcases, cabinets, and other storage areas hitting as many insects as possible. Repeat as necessary.

TO KILL: Ants, centipedes, spiders, sowbugs, carpet beetles, apply directly to as many as possible.

STORAGE: Store in a cool, dry area inaccessible to children.
DISPOSAL: Do not reuse container. Wrap container and discard in trash.

PRECAUTIONARY STATEMENT

Hazards to Humans and Domestic Animals

CAUTION: Avoid contact with skin and eyes. In case of contact immediately flush eyes and skin with plenty of water. Get medical attention if irritation persists. Do not remain in enclosed areas after use. Wash hands after treating pets. Avoid contamination of food and foodstuffs. When spraying rooms, rugs and carpets, remove pets, birds, and cover and turnoff fish aquariums.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.
