1525 Howe Street
Racine, WI 53403-2236

Subject: Amended Reregistration Label
Product Name: Raid House & Garden Bug Killer Formula 7
EPA Registration Number: 4822-283
EPA Decision Number(s): 425052 and 427128

Dear Mr. McArthur:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Allethrin and Phenothrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 7/20/2010
- Alternate CSF dated 7/20/2010

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact either Linda Arrington at (703) 305 6249 or via e-mail at Arrington.Linda@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7505P)

Enclosures: Label stamped "Accepted," dated 9/22/2011
Acute Toxicity Review, dated 10/8/2010
Product Chemistry Review, dated 5/11/2011

(S. C. JOHNSON (Wax) (A Family Company))

Raid House & Garden Bug Killer Formula 7 (Master Name)

ACTIVE INGREDIENTS:

d-cis/trans allethrin*	0.239%
d-PHENOTHRIN (3-phenoxybenzyl d-cis and trans 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate)	0.096%
OTHER INGREDIENTS:	99.665%
TOTAL:	100.000%

contains sodium nitrite

*cis/trans isomer ratio: max. 25% (+/-) cis and min. 75% (+/-) trans

Net Wt. 9 - 25 OZ. (255g- 709g)

KEEP OUT OF REACH OF CHILDREN

CAUTION:

See additional precautionary statements on back

[Optional Marketing Claims:]

No lingering chemical odor

(now) kills Asian Lady Beetles

Kills: ants, spiders, roaches, fleas, flies, mosquitoes, aphids, Asian lady beetles & many more listed on back

Kills: spiders, ants, flies, mosquitoes, Asian lady beetles & many more

Kills bugs indoors & outdoors

Saves buying several single purpose insecticides.

Its formula is specially designed to kill crawling, flying and garden insects

Feel confident to use it anywhere indoors or outdoors around carpets, draperies, no-wax floors, houseplants and garden plants.

Won't damage house plants or garden plants*

Won't harm plants*

Won't harm outdoor garden plants*

Won't harm (ornamental) (house) plants*

*if (when) used as directed

Kills the following insects: ants, aphids, Asian lady beetles, boxelder bugs, carpet beetles, caterpillars, centipedes, climbing cut worms, crickets, earwigs, fleas, flies, gnats, Gypsy moth, Gypsy moth larvae, hornets, Japanese beetles, leafhoppers, millipedes, mosquitoes, moths (small flying), red spidermites, roaches, silverfish, sow bugs, spiders, thrips (exposed), ticks, wasps, waterbugs, webworms, whiteflies

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Restrictions

Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Outdoor uses are limited to spot treatments only. Broadcast applications are prohibited. Do not water the treated area to the point of run-off. Do not make applications during rain. **Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas.** Do not enter or allow adults, children, or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated areas has been thoroughly ventilated. Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required. Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off.

Application Restrictions:

Surface spray uses are limited to spot treatments only. Broadcast surface applications are prohibited. Do not wet treated areas or articles to the point of run-off or drip. Do not use treated articles until spray has dried.

Shake can before using. Hold container upright. Spray away from face.

Crawling bugs: To kill roaches, waterbugs, crickets, silverfish, centipedes, ticks, boxelder bugs, earwigs, caterpillars, millipedes, spiders, sow bugs: Hold dispenser about 12 inches from surface being sprayed. Spay thoroughly into hiding places such as cracks, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas.

Ants: Spray trails, nests, doors and window frames where ants enter.

Fleas: Spray floors, floor coverings and sleeping quarters of pets. Repeat as necessary.

Carpet Beetles, Spray top and underside of rug. Repeat as necessary.

Flying Bugs: To kill flies and mosquitoes: Close all doors and windows. Direct the spray mist to all parts of the room especially windows and other light sources which attract these insects, staying about 3 feet from walls, fabrics and furniture. Fill room with mist then leave the treated areas. Keep room closed for at least 15 minutes. Ventilate the room when treatment is completed. Spray directly on stray wasps, hornets, gnats, Asian lady beetles, and small flying moths that enter buildings.

Garden bugs: Product is intended for use on ornamental garden plants only. It is not for use on edible crops. To kill aphids, climbing cut worms, gypsy moth larvae, Japanese beetles, leafhoppers, red spider mites, exposed thrips, webworms and whiteflies on ornamental garden plants: salvias, roses, azaleas, chrysanthemums, asters, marigolds, petunias, begonias, shrubs, butterfly plants, dieffenbachia, dracaenas, ferns, ficus, palms, pepperonia, philodendrons, piggyback plants, pines, pothos, spider plants, succulents, evergreens, fuchsias, geraniums, irises, wandering Jews, zinnias, peonies, impatiens, alyssums, African violets and English ivy. Spray when air is still and temperature is not above 90°F. Spray with slow sweeping motion 3 feet (36 inches) from all plants. Avoid wetting – a light spray kills pests effectively. Spray in short bursts. Repeat application from time to time as long as insects are present. Use with care on tender foliage, young plants and new growth. For adult whiteflies, red spider mites, Gypsy moths, and Japanese beetles be sure to direct spray to contact these pests. Thoroughly cover the infested area. Repeat as necessary.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage or disposal.

Pesticide STORAGE: Store in a cool, dry place away from heat or open flame.

Pesticide DISPOSAL and Container Handling:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.
If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[The Steel graphics symbol will be used if label space allows it.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID: Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment advice. **You may also contact 1-800-558-5252 for emergency medical treatment advice.**

PHYSICAL OR CHEMICAL HAZARDS: CONTENTS UNDER PRESSURE. Do not use or store near heat or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

ENVIRONMENTAL HAZARDS:

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

(Contains no CFC's or other ozone depleting substances. Federal Regulations prohibit CFS propellants in aerosols.) (graphic optional)
