NOV 13 2013

Dear Ms. Bugalecki:

Subject: label amendment
Raid House & Garden Bug Killer Formula 7
EPA Registration Number 4822-283
Your email dated November 7, 2013

The application referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

A stamped label is enclosed for your records.

If you have any questions regarding this action, please contact Linda A. DeLuise of my team at (703) 305-5428.

Sincerely yours,

A handwritten signature in black ink, appearing to read "Richard A. Gebken".

Raid House & Garden Bug Killer Formula 7

Alternate Brand Names:

Raid Multi Insect Bug Killer Formula 7 (July 18, 2012)

ACTIVE INGREDIENTS:

d-cis/trans allethrin*	0.239%
d-PHENOTHRIN (3-phenoxybenzyl d-cis and trans 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate)	0.096%
OTHER INGREDIENTS:	99.665%
TOTAL.....	100.000%

*cis/trans isomer ratio: max. 25% (+/-) cis and min. 75% (+/-) trans

Contains sodium nitrite

KEEP OUT OF REACH OF CHILDREN

CAUTION: See additional precautionary statements on back *(and complete use instructions)* on (back) *(inside)*

Net Wt.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Restrictions

Application is prohibited directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Outdoor uses are limited to spot treatments only. Broadcast applications are prohibited. Do not water the treated area to the point of run-off. Do not make applications during rain. Do not use in food areas or food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food processing surfaces and utensils during treatment or thoroughly wash utensils before use. Cover exposed food and remove utensils in serving areas. Do not enter or allow adults, children, or pets to enter the treated area until sprays have dried. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift. Do not allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated areas has been thoroughly ventilated. Wait two (2) hours after application, then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required. Remove pets, birds, and cover fish aquariums and ornamental fish ponds before spraying, and turn aquarium systems off.

Application Restrictions:

Surface spray uses are limited to spot treatments only. Broadcast surface applications are prohibited. Do not wet treated areas or articles to the point of run-off or drip. Do not use treated articles until spray has dried.

Shake can before using. Hold container upright. Spray away from face.

CRAWLING BUGS: To kill roaches, waterbugs, crickets, silverfish, centipedes, ticks, boxelder bugs, earwigs, caterpillars, millipedes, spiders, sow bugs, (stink bugs) (Brown Marmorated Stink Bugs): Hold dispenser about 12 inches from surface being sprayed. Spay thoroughly into hiding places such as cracks, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas.

ANTS: Spray trails, nests, doors and window frames where ants enter.

FLEAS: Spray floors, floor coverings and sleeping quarters of pets. Repeat as necessary.

CARPET BEETLES: Spray top and underside of rug. Repeat as necessary.

FLYING BUGS: To kill flies and mosquitoes: Close all doors and windows. Direct the spray mist to all parts of the room especially windows and other light sources which attract these insects, staying about 3 feet from walls, fabrics and furniture. Fill room with mist then leave the treated areas. Keep room closed for at least 15 minutes. Ventilate the room when treatment is completed. Spray directly on stray wasps, hornets, gnats, Asian lady beetles, and small flying moths that enter buildings.

GARDEN BUGS: Product is intended for use on ornamental garden plants only. It is not for use on edible crops. To kill aphids, climbing cut worms, gypsy moth larvae, Japanese beetles, leafhoppers, red spider mites, exposed thrips, webworms and whiteflies on ornamental garden plants: salvias, roses, azaleas, chrysanthemums, asters, marigolds, petunias, begonias, shrubs, butterfly plants, dieffenbachia, dracaenas, ferns, ficus, palms, pepperonia, philodendrons, piggyback plants, pines, pothos, spider plants, succulents, evergreens, fuchsias, geraniums, irises, wandering Jews, zinnias, peonies, impatiens, alyssums, African violets and English ivy. Spray when air is still and temperature is not above 90°F. Spray with slow sweeping motion 3 feet (36 inches) from all plants. Avoid wetting – a light spray kills pests effectively. Spray in short bursts. Repeat application from time to time as long as insects are present. Use with care on tender foliage, young plants and new growth. For adult whiteflies, red spider mites, Gypsy moths, and Japanese beetles be sure to direct spray to contact these pests. Thoroughly cover the infested area. Repeat as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place away from heat or open flame.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 800-529-3394 for disposal instructions.

[The Steel graphics symbol will be used if label space allows it.]

(Information in parentheses is optional language)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID: Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment advice. You may also contact 1-800-558-5252 for emergency medical treatment advice.

PHYSICAL OR CHEMICAL HAZARDS

CONTENTS UNDER PRESSURE. Do not use or store near heat or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F (54°C) may cause bursting.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

(Contains no CFC's or other ozone depleting substances. Federal Regulations prohibit CFS propellants in aerosols.) (graphic optional)

Peel (remove) (tear) label (sticker) (coupon) (here) for complete use directions and precautionary statements

Peel (remove) (tear) label (sticker) (coupon) (here) before use

Read entire label before use

Apply this product only as specified

Avoid spraying near baits to make sure bugs can bring the bait back to the nest

Visit [website] to identify your bug and best treatment plan

(Additional) Tips (Non-chemical Control Options): [one or more to be chosen from the following list]

- Do not leave doors and windows open.**
- Inspect screens for holes and loose edges that may allow flies and wasps to enter.**
- Flies breed in decaying matter. Remove these sources in yards and garbage areas before flies start to breed.**
- Remove food spills and exposed food.**
- Store food in sealed containers.**
- Avoid leaving (accumulating) dirty dishes in sinks.**
- Keep food out of bedrooms and living rooms.**
- Avoid the use of mulch next to the foundation, which provides an ideal place for outdoor ants to nest and to gain entry into the home**
- Caulk any points where bugs enter into wall voids, cracks and crevices, including entry points from outside or neighboring units.**

Raid Defense System (Defense System)

- Attack(s) Bugs***
- Control(s) Bugs[†]**
- Prevent(s) Bugs[‡]**

Raid Defense System (Raid Guided Support) helps you work smarter, not harder, to fight bugs. Visit raidkillsbugs.com to identify your bug and best treatment plan.

Use this product to:

- Attack Bugs**
- Kill bugs on contact (Kill the bugs you see)**

*** Use (this product) indoors or outdoors to kill ants, roaches, spiders, flies (and other listed bugs) on contact. Won't damage house plants or garden plants when used as directed. Avoid spraying near baits to make sure bugs can bring the bait back to the nest.**

Use other Raid products to:

- Control Bugs**
- Kill bugs at the source (Kill the bugs you don't see)**

[†] Use a Raid Ant (Raid Roach) (Raid Ant or Roach) Bait product to kill ants (roaches) (ants or roaches) where they hide. For heavy infestations, first use a Raid Fogger or Fumigator product and then place baits to provide ongoing control. Read the label to find the right product for your bug problem.

- Prevent Bugs**
- Help keep bugs out (Keep Bugs Out)**

[‡] Use a Raid Max Bug Barrier product to help keep (to keep) ants, roaches, spiders, flies (and other listed bugs) out (of your home). Read the label to find the right product for your bug problem.
