CAUTION

See Back Panel for Additional Precautionary Statements.

**RAID
FORMULA 7
FLYING INSECT KILLER**

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Keep out of reach of children. Do not remain in enclosed areas after use. Ventilate enclosed areas before returning. Avoid contamination of food and foodstuffs. Remove pets, birds and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate containers. Exposure to temperatures above 120° F. may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SHAKE BEFORE USING! Point spray nozzle away from face and press button holding container as upright as possible.

TO KILL FLYING INSECTS: Flies, Mosquitoes, Small Flying Moths, Gnats: With Raid there is no need to spray directly at flying insects -- the mist in the air will kill them. Close all doors and windows. Spray Raid up into the air with a sweeping motion, keeping about 3 feet from interior walls, fabrics, furniture, until room is filled with mist. Keep room closed for 15 minutes.

Wasps: Spray directly at stray wasps that enter building.

TO KILL CRAWLING INSECTS: Roaches, Water Bugs, Silverfish, Crickets: Spray hiding places such as baseboards and floorboards, moist places, openings around sinks, drains and pipes, behind bookcases, cabinets and other storage areas, hitting as many insects as possible. Repeat as necessary.

Ants: Spray trails, hills, around window frames and openings around pipes and baseboards where ants crawl, hitting as many as possible. Repeat as necessary.

Spiders, Centipedes, Sow Bugs: Spray webs and places where these pests crawl. Hit as many as possible. Repeat as necessary.

Carpet Beetles: Hit these bugs directly with spray on sections of floor, baseboards, shelves and underside of carpets. Repeat at frequent intervals.

Bedbugs: Spray baseboards, moldings, floor board. Spray mattresses, particularly around seams and tufts. Take beds apart and spray into all joints. Repeat spraying as often as necessary.

STORAGE: Store in an area inaccessible to children.

DISPOSAL: Wrap empty container and put in trash. Do not puncture or incinerate. Do not reuse empty container.

JOHNSON and RAID are Trademarks
