SIGNATURE OF APPROVING OFFICIAL Arturo E. Castillo	<i>See pag 2</i>	DATE March 31, 1987
---	------------------	------------------------

You will submit/or cite all data required for registration/re-registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

As long as this registration is conditionally registered you will annually submit a report to the Agency on the amount of the product produced in accordance with section 29 of the Act. If this condition is not complied with the registration will be subject to cancellation in accordance with section 6(e) of the Act.

A storage stability study on the product as formulated must be submitted. The product must be analyzed for active ingredient at time zero and for 12 months of storage.

You will submit five copies of your finished printed label complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by PR Notice 82-2, of June 18, 1982.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of the FIFRA.

Sincerely yours,

  
Arturo E. Castillo
