

Raid
FOGGER
PLUS

Directions:
Nozzle lock is designed so that the spray will continue until the can is empty. Fills the rooms with a fine particle fog that seeks out roaches and fleas. Kills on contact!

1. Place a section of newspaper or a towel in center of room to be fogged.

2. Break off and remove tab on side of sprayer. Tilt sprayer AWAY from face (container sprays straight up).

3. Press down firmly with thumb on sprayer tab until it snaps into place.

4. Set Raid Fogger on newspaper, leave room and close door.

5. After actuating Raid Fogger leave room or house at once. Keep treated area closed for at least two hours, then open all doors and windows and allow treated area to air for 30 minutes.

Raid
FOGGER
PLUS

One 6 oz. can treats a room of up to 25' x 25' x 8' or approx. 5000 cubic feet of unobstructed space.

RAID Fogger Plus kills roaches, immature roaches, fleas, pre-adult fleas, ticks, spiders, flies, mosquitoes, wasps, hornets, yellow jackets, silverfish, ants, gnats, waterbugs, earwigs, crickets and other flying insects. USE RAID Fogger Plus for bug infestations in Homes, Apartments, Attics, Garages, and Restaurants.

This unique RAID product allows you to automatically fill a whole room with insect killing fog while you are away. Plus, it contains CYKIL™ insect Growth Regulator, an ingredient which inhibits roaches' and fleas' natural ability to reproduce.

RAID Fogger Plus is designed for use whenever a bug infestation occurs in your house. For best results, use the Fogger in conjunction with the other RAID products for regular control of bug problems.
