WASHINGTON, DC 20460

EPA REGISTRATION NUMBER
4822-312

DATE OF ISSUANCE
28 JUL 1988

TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT
Bolt Inspection Size Insect Fogger

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 4822-312."

b. Change the Pesticide Disposal statement to:

Securely wrap original container in several layers of newspaper and discard in trash.

c. Change the Container Disposal statement to:

Replace cap and discard container in trash.
Do not incinerate or puncture.

- d. Since your data matrix does not give a dielectrical breakdown voltage, the statement "Do not use this product in or on electrical equipment due to the possibility of shock hazard" must appear on the label.
- e. The statement "Do not contaminate water by cleaning of equipment or disposal of wastes" must be changed to "Do not contaminate water when disposing of equipment washwaters."
- f. Change the statement "After space spraying in meat packing plants, bakeries . . . exposed food will be handled" to read "After space spraying in meat packing plants, bakeries, and other food processing plants, facilities and equipment must be washed with an effective cleaning compound and rinsed with potable water."

3. We note that the information regarding the flashpoint, flame extension, and certified limits appearing in the Confidential Statement of Formula (CSF) differs from the statement made regarding these points in the chemistry data. Submit an updated CSF or correct the chemistry data so that both agree.

4. Although the chemistry data were reviewed to support this application, they cannot be assigned an MRID Number since they do not meet the requirements of PR Notice 86-5. Refer to Enclosure No. 1 for further details. These data should be corrected and resubmitted so that they can be assigned an MRID Number and be placed into the file for this product.

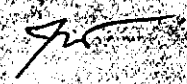

5. Submit a 1-year storage stability study for this product. The formulated product must be analyzed for its active ingredient at time zero and during a year in storage at room temperature under warehouse conditions.

6. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ACCEPTED
with COMMENTS
in EPA Letter Dated

28 JUL 1988

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

4822-312

A heavy duty, commercial formula insecticide for use in hospitals, restaurants, food plants, supermarkets, motels, homes, hotels, utilities, warehouses, and other commercial buildings.

ROACHES, SPIDERS, WATERBUGS, ANTS, SILVERFISH CRICKETS: Hold aerosol close to cracks and mist directly into them, contacting as many insects as possible. Apply freely in all possible hiding places behind baseboards, sinks, cabinets, coffee makers, meter boxes, manholes. Repeat all treatments as necessary.

CRACK AND CREVICE APPLICATION
For direct spray into cracks and crevices.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals.

CAUTION
Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, flush eyes or skin with plenty of water. Obtain medical attention if irritation persists.

Do not apply directly to food in commercial food handling facilities. Cover or remove any food and food processing equipment during application. When using this product as a space spray in food areas, do not apply while food processing is under way. Except in federally inspected meat and poultry plants, careful crack and crevice application for inspection purposes is permissible at all times. After space spraying in meat packing plants, bakeries, and other food processing plants, wash with potable water all equipment, benches, shelves, etc. where exposed food will be handled. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds, and cover fish aquariums before spraying.

In hospital, remove patients from rooms prior to treatment. Keep room vacated for minimum of two hours and ventilate before patients are returned.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and birds. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS
Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F. may cause bursting.

Do not spray on plastic, painted, or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc.

EPA Reg. No. 4822-
EPA Est. No. 4822-WI-1

Revised label received 7/28/88

BOLI

INSPECTION SIZE INSECT FOGGER

ACTIVE INGREDIENTS:

- Pyrethrins 500%
- Technical Piperonyl Butoxide ... 1.000%
- N-octyl Bicycloheptene
- Dicarboximide 1.670%

INERT INGREDIENTS: 96.83%

(Contains 1,1,1-trichloro-ethane & petroleum distillate).

NET WT. 4- 20 AV. OZ.

KEEP OUT OF REACH OF CHILDREN

CAUTION

See side panel for additional precautionary statements.

SANITATION

This is the first step and most important of any insect control program.

Clean up all spilled foods, garbage. Clean all surfaces. Scrub garbage cans so they do not give off odors (gases) that attract insects.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool area away from heat or open flame.

Pesticide Disposal: Pesticide that cannot be used according to label instructions must be disposed of according to applicable Federal, state, or local procedures.

Container Disposal: Replace cap and discard empty container in trash, sanitary landfill, or by other approved state and local procedures. Do not incinerate or puncture.

FLYING INSECTS: Flies, Mosquitoes, Gnats, Wasps, Small Flying Moths, Fruit Flies. Close all windows and doors and direct fog upward at a rate of 1 to 3 seconds per 1000 cubic feet. Disperse in all locations. Keep area closed for 15 minutes.

MUD DAUBER AND WASP NESTS: Spray mist directly on insects and their nests from approximately 2 foot distance. These bees contacted will fly away from fog.

GRAIN WEEVELS, FLOUR BEETLES, CHOCOLATE MOTHS, CARPET BEETLES, DRUG STORE BEETLES in exposed adult and larvae stages: Contact as many insects as possible when treating infested areas such as cracks, crevices, stored products, machinery, and dark secluded areas. For Carpet Beetles, treat infested area of carpets, localized areas of floors, baseboards, and into cracks and under carpets where these pests may be found. Spray 10 to 20 seconds per 1000 square feet of floor space. Repeat treatment weekly or as insects appear.

FLEAS in buildings. Close windows and doors. Hold aerosol 36" above floor and direct fog toward floor and lower walls at a rate of 10 seconds per 100 square feet, making sure that all floor, sofa, and chair surfaces are contacted. Repeat treatments after 7 days.
