Mr. Robert Yocum
S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403

Dear Mr. Yocum:

Subject: Alternate Confidential Statement of Formula (CSF) and
Product Label
Addition of Fragrances
Raid Ant and Roach Killer 6
EPA Registration No. 4822-323
Your Submissions Dated September 19, 1991 and Suppliers' Letters
Dated September 11 and 12, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

The chemical identity of all the components, the percentage composition, CAS Registry No. and Material Safety Data Sheet provided for Fragrances RD-1436 and R-7223 are acceptable and the amendment has been inserted in the file for the subject product.

63298:I:A-4:Moats:WP5.0-1:KEVRIC:01/09/92:02/09/92:rj:dd:rj

CONCURRENCES

SYMBOL	SURNAME	DATE					

We notice that you are using two different fragrances with (0.4% and 0.3%) in the formulation. If 0.4% of the fragrance is used, then it is 4 lbs/1000 of the formulation, therefore the total will be 1001 lbs. It must therefore be adjusted by decreasing inerts/solvents.

Sincerely yours,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch
Registration Division (H7505C)

RAID ANT & ROACH KILLER 6
Lighter Scent

2

IMPROVED FASTER KILLING RAID ANT & ROACH rids your home of roaches in two ways: (1) it kills bugs fast-on contact and (2) it keeps on killing with residual action even after you spray, for up to 4 weeks or (30 days or 1 month). Contact kill gives you immediate results when spraying individual roaches. Residual kill keeps on killing the roaches that return to the areas you have sprayed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR HOUSEHOLD USE: Hold container upright. Do not spray up into air. Apply to surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 12" from surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting of asphalt, tile, rubber and plastic materials. More frequent application will be required to maintain control on plywood surfaces. Repeat treatment as necessary.

ROACHES, WATERBUGS: Spray until wet in cracks around baseboards and other hiding places. When bugs are driven out, spray directly.

ANTS: Apply to ant trails, also around doors, windows and wherever ants enter house.

SILVERFISH, CRICKETS, SPIDERS: Spray areas infested by these pests.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flames, in an area inaccessible to children. **DISPOSAL:** Replace cap, wrap in several layers of newspaper and discard in trash. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Provide adequate ventilation of area being treated. Do not apply to humans, pets, plants or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils and food handling equipment. Keep out of reach of children.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Call a physician or Poison Control Center immediately.

IF IN EYES: Flush with plenty of water.

IF ON SKIN: Wash promptly with soap and water. Get medical attention if irritation persists or develops.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

NOTE TO PHYSICIAN: Product contains petroleum distillate (aspiration hazard).

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE, CONTENTS UNDER PRESSURE. Keep away from heat, sparks, open flame or pilot lights. Do not puncture or incinerate container. Exposure to temperatures above 130 degree F may cause bursting.
