1525 Howe Street
Racine, WI 53403

Dear Mr. Yocum:

Subject: Amendment - Label & Confidential Statement of Formula
Addition of Dragoco Fragrance
Raid Ant & Roach Killer 6
EPA Registration No. 4822-323
Your Submission dated December 22, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below.

1. Delete the phrases "Country Fresh Scent", "Clean Fresh Scent", "Spring Fresh Scent" "Outdoor Fresh Scent". Statements relating to the non-pesticidal purpose of the product are not acceptable especially if they may give a false or misleading impression regarding use of the product. These phrases appear more appropriate for deodorizing products rather than pesticide products.

2. The Confidential Statement of Formula of the above date has been reviewed and we need the following information: Please provide the chemical identity of all the components, the percentage composition, CAS Registry Number and Material Safety Data Sheet (two copies) for the Fragrance 716692-M2 by Dragoco. For perfumes and flavorings, provide for each component in the mixture: the chemical name, CAS Registry Number, and the percentage or range in percentage in the mixture. Certify that flavors are non-food type.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca
Product Manager (13)
Insecticide-Rodenticide Branch

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

4827-323

NET WT. 16 OZ. (1LB.)
RAID ANT & ROACH KILLER 6
Lighter Scent

IMPROVED FASTER KILLING RAID ANT & ROACH rids your home of roaches in two ways: (1) it kills bugs fast-on contact and (2) it keeps on killing with residual action even after you spray, for up to 4 weeks or (30 days or 1 month). Contact kill gives you immediate results when spraying individual roaches. Residual kill keeps on killing the roaches that return to the areas you have sprayed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR HOUSEHOLD USE: Hold container upright. Do not spray up into air. Apply to surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 12" from surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting of asphalt, tile, rubber and plastic materials. More frequent application will be required to maintain control on plywood surfaces. Repeat treatment as necessary.

ROACHES, WATERBUGS: Spray until wet in cracks around baseboards and other hiding places. When bugs are driven out, spray directly.

ANTS: Apply to ant trails, also around doors, windows and wherever ants enter house.

SILVERFISH, CRICKETS, SPIDERS: Spray areas infested by these pests.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flames, in an area inaccessible to children. **DISPOSAL:** Replace cap, wrap in several layers of newspaper and discard in trash. Do not puncture or incinerate.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Provide adequate ventilation of area being treated. Do not apply to humans, pets, plants or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils and food handling equipment. Keep out of reach of children.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Call a physician or Poison Control Center immediately.

IF IN EYES: Flush with plenty of water.

IF ON SKIN: Wash promptly with soap and water. Get medical attention if irritation persists or develops.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

NOTE TO PHYSICIAN: Product contains petroleum distillate (aspiration hazard).

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE, CONTENTS UNDER PRESSURE. Keep away from heat, sparks, open flame or pilot lights. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.
