**RAID ANT & ROACH KILLER 6
Lighter Scent**

IMPROVED FASTER KILLING RAID ANT & ROACH rids your home of roaches in two ways: (1) it kills bugs fast-on contact and (2) it keeps on killing with residual action even after you spray, for up to 4 weeks or (30 days or 1 month). Contact kill gives you immediate results when spraying individual roaches. Residual kill keeps on killing the roaches that return to the areas you have sprayed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR HOUSEHOLD USE: Hold container upright. Do not spray up into air. Apply to surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 12" from surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting of asphalt, tile, rubber and plastic materials. More frequent application will be required to maintain control on plywood surfaces. Repeat treatment as necessary.

ROACHES, WATERBUGS: Spray until wet in cracks around baseboards and other hiding places. When bugs are driven out, spray directly.

ANTS: Apply to ant trails, also around doors, windows and wherever ants enter house.

SILVERFISH, CRICKETS, SPIDERS: Spray areas infested by these pests.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flames, in an area inaccessible to children.

DISPOSAL: Do not reuse empty container. Do not puncture or incinerate. Wrap container and discard in trash.

[per PR Notice 94-2 the following disposal statement, or a variation which does not alter its intent may be used: **DISPOSAL:** This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, do not reuse empty container. Wrap container and discard in trash.]
