

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 4822-334	DATE OF ISSUANCE MAY 25 1989
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE REGISTRATION REREGISTRATION (Amended)		
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)		

BEST AVAILABLE COPY

NOTE Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

... required for registration or reregistration of a pesticide under the Act (716) when the Agency requires additional data.

... changes listed below before release the product.

... "EPA Registration No. 4822-334."

... percentage of the active ingredient must be shown on all labels, including the carton and bait containers.

... storage and disposal statements must appear on the individual container label as well as on the carton label.

... statement "Keep Out Of Reach Of Children" must appear prominently above the signal word "Caution."

... delete the phrase "and thus prevent re-infestation" from the statement "raid Formula D-46 baits . . . and thus prevent re-infestation."

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL <i>[Signature]</i>	DATE 5/25/89
---	-----------------

3. Submit a 1-year storage stability study. The formulated product must be analyzed for its active ingredient at time zero and during a year in storage. The storage should be under warehouse conditions with the product packaged in containers similar to those which will be used when marketing the product. These data must be submitted within 15 months of the date of this Registration Notice.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

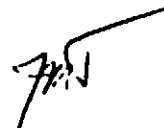

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

(See Directions and Additional Precautionary Statements on Back)

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the products registered under EPA Reg. No.

4822-334

BACK PANEL (Shelf Carton)

4
8

JOHNSON RAID
FORMULA D46 ROACH BAIT

PREVENTS ROACH EGGS FROM HATCHING
BREAKS THE ROACH LIFE CYCLE
CONTAINS CYKIL™ INSECT GROWTH REGULATOR

Clean and Odorless
No Bait Shyness

No Spill No Mess
Easy To Use

Unique Action. Adult and young roaches eat the bait --- The adults are rendered sterile (*cannot reproduce*) The young stop maturing, can never reproduce and die.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling
DO NOT REMOVE CONTAINERS FROM SHELF CARTON UNTIL READY TO USE.

For household use. Remove baits from tray: while holding tray, place both thumbs on label of bait. Push out bait.

Use baits in conjunction with Raid Ant & Roach, Raid Crack & Crevice or other product designed to reduce initial infestation. Raid Formula D46 baits will then give long term control and prevent reproduction of any surviving roaches and thus prevent re-infestation.

Place the baits on the floor or stick them in out-of-way places using the tapes provided inside the shelf carton. Place them near walls, on shelves, under sinks, refrigerators and in cabinets or storage areas where roaches are seen. Place 10 to 12 baits in the kitchen, 2 to 4 baits in the bathroom and 4 to 6 baits per 100 sq. ft. in other infested areas. Replace as necessary to maintain control. If re-infestation occurs use repeat treatments.

STORAGE AND DISPOSAL STATEMENTS

STORAGE: Store in an area inaccessible to children.

DISPOSAL: Wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: May be harmful if swallowed. Keep out of reach of children. Do not remove bait from container
