with COMMENTS
in EPA Letter Dated:

NOV 2 1990

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide
registered under EPA Reg. No.

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

S.C. Johnson and Son, Inc.
1524 Howe Street
Racine, WI 53403-2000

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with EPA section 316.5. A stamped copy of the label is enclosed for your records. Please submit five (5) copies of your final printed labeling.

KILLS ROACHES FOR UP TO THREE MONTHS
NEW BAIT DESIGN
WITH MORE OPENINGS TO ATTRACT MORE ROACHES

New! RAID ROACH CONTROLLER II contains Sulfluramid, a revolutionary ingredient that keeps killing roaches nonstop. ROACH CONTROLLER II ROACH BAIT are so advanced they kill roaches where they breed, ridding your home of roaches for up to three months. Child resistant ROACH CONTROLLER II BAIT may be placed anywhere you've seen roaches, even on kitchen countertops or next to food.

ROACH CONTROLLER II ROACH BAIT are guaranteed to work for even severe bug infestations.

For maximum effectiveness, use all 12 baits at one time and replace every three months.

THIS IS HOW ROACH CONTROLLER II ROACH BAIT WORKS

1. ROACH CONTROLLER II ROACH BAITS fit snugly in corners and along paths commonly traveled by roaches.
2. Roaches are attracted to the bait to feed.
3. Roaches eat the bait and return to nesting area to die.
4. Bait food carried back to the nest continues to kill other roaches.

DIRECTIONS FOR HOUSEHOLD USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For thorough roach control, use all 12 baits at one time. To keep roaches from returning, replace all baits every three months.

1. Break ROACH CONTROLLER II BAITS apart from the plastic frame.
2. For thorough roach control, all 12 baits must be used at one time. Place 10 baits in the kitchen and 2 in each bathroom. For LARGER KITCHENS OR PARTICULARLY HEAVY INFESTATIONS, we strongly recommend using additional baits and placing 12-15 baits in the kitchen and 2-4 in each bathroom. If you see roaches in other areas, such as the bedroom or utility room, use 2-4 baits.
3. For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. You can even place RAID ROACH CONTROLLER II ROACH BAIT on kitchen countertops and next to food.
4. Baits work best on horizontal surfaces touching corners and walls. Should you apply a bait on a vertical surface, use the enclosed stickers. You will not find it necessary to use stickers for all 12 baits.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within days.
