ROACH BAIT

Kills Roaches for up to Three Months

**Bait Design With More Openings
to Attract More Roaches!**

Raid MAX Roach Baits contain Sulfluramid, a revolutionary ingredient that keeps killing roaches nonstop. MAX Roach Baits are so advanced they kill roaches where they breed, helping to rid your home of roaches for up to three months. Child Resistant MAX Baits may be placed anywhere you've seen roaches, even on kitchen counter tops or next to food. MAX Roach Baits are guaranteed to work for even severe bug infestations. For maximum effectiveness, use all 12 baits at one time and replace every three months.

SATISFACTION GUARANTEED

1. RAID MAX ROACH BAIT does not provide effective roach control, return all 12 baits in this box for a full refund. For purchase price to Consumer Services Department, S.C. Johnson & Son, Inc., Racine, Wisconsin 53403 U.S.A.

THIS IS HOW MAX ROACH BAIT WORKS

1. MAX Roach Baits fit snugly in corners and along paths commonly traveled by roaches.
2. Roaches are attracted to the bait to feed.
3. Roaches eat the bait and return to nesting area to die.
4. Bait food carried back to the nest continues to kill other roaches.

DIRECTIONS FOR HOUSEHOLD USE It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For thorough roach control use all 12 baits at one time. To keep roaches from returning, replace all baits every three months.

1. Break Max Baits apart from the plastic frame.
2. For thorough roach control, all 12 baits must be used at one time. Place 10 baits in the kitchen and 2 in each bathroom. For LARGER KITCHENS OR PARTICULARLY HEAVY INFESTATIONS, we strongly recommend using additional baits and placing 12-15 baits in the kitchen and 4 in each bathroom. If you see roaches in other areas, such as the bedroom or utility room, use 2-4 additional baits.

For best results, place the baits next to the wall along baseboards, in corners, under sinks, in cabinets and near plumbing fixtures. You can even place Raid MAX Roach Bait on kitchen countertops and next to food.

4. Baits work best on horizontal surfaces touching corners and walls. If you apply a bait on a vertical surface, use the enclosed stickers. You will not need to use stickers for all 12 baits.
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within days.
6. Replace ALL baits every three months to keep roaches from returning. Use the three month reminder enclosed on top of calendar or refrigerator to remember the date of replacement.
