Office of Pesticide Programs  
Registration Division (M7505C)  
401 M St., S.W.  
Washington, D.C. 20460

EPA Reg.  
Number:  
4822-377

Date of Issuance:  
09 JUL 1992

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

Term of Issuance:  
Conditional

Name of Pesticide Product:  
RAID FUMIGATOR F

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

S. C. Johnson & Son Inc.  
1525 Howe Street  
Racine, Wisconsin 53403

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 4822-377".
- b. On the outside packaging change the statement "Preparation and directions for using RAID FORMULA 278 INSECT KILLER:" to read "Preparation and directions for using RAID FUMIGATOR F: "

Signature of Approving Official:

Date: 09 JUL 1992

3. Submit one (1) copy of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Richard F. Mountfort

Net Weight:

0.35 oz.

On Outside Packaging  
Left Panel

KILLS: Pre-adult Fleas

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with labeling.

Preparation and Directions for using RAID FORMULA 278 INSECT KILLER:

- 1) **ROOM PREPARATION:** Open cabinets, cupboards, drawers, closets and doors in the areas to be treated. REMOVE or cover exposed foods, dishes, utensils, food processing equipment and surfaces (newspapers may be used). REMOVE plants, pets and birds. Tightly cover or remove fish tanks and bowls. Turn off air flow systems in aquariums. CLOSE outside doors and windows. SHUT OFF fans and air conditioners and temporarily disconnect smoke alarms.
- 2) **TREATMENT: DO NOT OPEN UNTIL READY TO USE.** Grasp the foil tab and peel it off of the plastic cup. Remove the metal can from the cup.
- 3) Add water to the line near the base of the plastic cup. DO NOT OVER FILL. Place the plastic cup on the floor in the center of the room.
- 4) **TO ACTIVATE:** Replace the metal can into the plastic cup. DO NOT INSERT UPSIDE DOWN.
- 5) Fumigation starts within 1-2 minutes. Leave the room and keep the outside doors and windows closed for 3 hours.
- 6) **AFTER TREATMENT:** Before re-occupying the area, open all doors and windows and allow the treated area to air for 30 minutes.
- 7) **TURN ON SMOKE ALARMS AND AQUARIUMS.**

**STORAGE AND DISPOSAL:**

**STORAGE:** Store unused units in this outside carton in a dry area inaccessible to children.

**DISPOSAL:** Do not reuse container. Wrap used containers and discard in trash.

(Right Panel)**

**RAID FUMIGATOR F PENETRATES TO KILL MORE PRE ADULT FLEAS.**

Raid Fumigator F is a deep-penetrating fumigating fogger that kills pre adult fleas where they hide.

Raid Fumigator F is a fumigating fogger. When activated, it fumigates the whole room with a dry, white cloud of smoke. The smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill pre adult fleas, where they hide. That is why it prevents fleas from being a problem.

Raid Fumigator F can be used in kitchens, living areas, garages, attics, basement and pet living areas. One unit treats a room of up to 16' x 20'. For best results, keep treated rooms closed for 3 hours.

#### TO CONTROL FLEAS:

Use Raid Fumigator F prior to the flea season. For better control of fleas do the following in addition to treating with Raid Fumigator F:

Clean or replace soiled pet bedding including cat litter. Vacuum pet quarters, carpets and areas where fleas are found. Treat pet areas with Raid Flea Killer Plus. Its egg-stop formula kills fleas and their hatching eggs.

Treat your pet with an approved flea control product before returning to treated area.

- Relieves infestations.
- Convenient - easy to use.
- Delayed fogging allows time to leave room.
- No oily residue on surfaces.
- Fresh scent.
- Relieves flea infestations
- Delayed fogging (Fumigating) allows time to leave room.
- Non staining.
- Kills fleas where they hide.
- Drives out fleas and kills them on contact.
- Kills fleas dead.
- Dry smoke leaves no wet mess.
- Dry smoke leaves no wet residue.
- Dry smoke penetrates to kill hidden fleas.
