Mr. Robert B. O'Brien
S.C. Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403

Dear Mr. O'Brien:

Subject: Amendment - Alternate Confidential Statement of Formulas
- Revised Labeling
Raid Ant & Roach Killer 14
EPA Registration Number 4822-403
Your Applications Dated July 26 and August 8, 1994

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. Delete "**new**" from the front panel. There has been no change in percent of water in this formulation since registration of the product. See comment 2(c) on the February 22, 1994 Notice of Registration.

Submit two copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

The alternate Confidential Statement of Formulas (CSFs) referred to above, submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act, as amended, are acceptable. A copy has been inserted in your file for the subject product.

Sincerely yours,

George T. LaRocca
Product Manager 13
Insecticide-Rodenticide Branch
Registration Division (7505C)

NET WT. 16 OZ. (1 LB.)

RAID ANT & ROACH KILLER 14

For Household Use

IMPROVED FASTER KILLING RAID ANT & ROACH kills roaches in two ways: (1) it kills bugs fast-on contact and (2) it keeps on killing with residual action even after you spray, for up to 4 weeks (30 days) (1 month). Contact kill gives you immediate results when spraying individual roaches. Residual kill keeps on killing the roaches that return to the areas you have sprayed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR HOUSEHOLD USE: SHAKE WELL BEFORE EACH USE. Hold container upright. Do not spray up into air. Apply to surfaces only. Point spray opening toward surface to be sprayed and press button firmly. Hold about 12" from surface being sprayed. Spray until surfaces are wet. Avoid excessive wetting of asphalt, tile, rubber and plastic materials. More frequent application will be required to maintain control on plywood surfaces. Repeat treatment as necessary.

ROACHES, WATERBUGS: Spray until wet in cracks around baseboards and other hiding places. When bugs are driven out, spray directly.

ANTS: Apply to ant trails, also around doors, windows and wherever ants enter house.

SILVERFISH, CRICKETS, SPIDERS: Spray areas infested by these pests.

STORAGE AND DISPOSAL

STORAGE: Store away from heat or open flames, in an area inaccessible to children. **DISPOSAL:** Replace cap, wrap in several layers of newspaper and discard in trash.

[Per PR Notice 94-2 the following disposal statement, or a variation which does not alter its intent, may be used:

Disposal: This container may be recycled in the few but growing number of communities where steel aerosol can recycling is available. Before offering for recycling, empty can by using the product according to the label. (DO NOT PUNCTURE!) If recycling is not available, replace cap, wrap in several layers of newspaper and discard in trash.]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling. Provide adequate ventilation of area being treated. Do not apply to humans, pets, plants or contaminate feed, foodstuffs, dishes or utensils. Cover and avoid spraying fish aquariums. Cover or remove exposed food, dishes, utensils and food handling equipment. Keep out of reach of children.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Call a physician or Poison Control Center immediately. **IF IN EYES:** Flush with plenty of water. **IF ON SKIN:** Wash promptly with soap and water. Get medical attention if irritation persists or develops. **IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated. **NOTE TO PHYSICIAN:** Product contains petroleum distillate (aspiration hazard).

PHYSICAL OR CHEMICAL HAZARD:

FLAMMABLE, CONTENTS UNDER PRESSURE. Keep away from heat, sparks, open flame or pilot lights. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**CONTAINS NO CFCs OR OTHER OZONE DEPLETING SUBSTANCES.
FEDERAL REGULATIONS PROHIBIT CFC PROPELLANTS IN AEROSOLS**
