FRESH SCENT VANISH THICK LIQUID TOILET BOWL CLEANER

When clean really counts. ®

Superior Combination of Cleaning and Freshening!

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CAP INSTRUCTIONS:

- TO OPEN: Push cap down while unscrewing.
- TO LOCK: Push down and screw cap on tightly.

TO DISINFECT AND CLEAN:

Raise toilet seat. Direct (Apply) the thick liquid formula inside bowl, including under the rim, on the sides and into water. To kill household germs, including staph and strep, use at least 4 oz. (squeeze approximately 15 seconds). Leave VANISH in bowl for 10 minutes, then brush and flush. Rinse bowl brush in fresh water after use. For heavily soiled bowls, repeat procedure.

TO REMOVE STUBBORN STAINS:

For hard water stains, follow previous directions. Then apply more product directly to stained areas. Let VANISH stand at least 15 minutes, brush and flush. Repeat if necessary.

Regular use of VANISH keeps toilet bowls sparkling white. VANISH is excellent for brightening colored toilet bowls. VANISH should be used only for toilet bowls. Not harmful to septic tanks.

STORAGE AND DISPOSAL:

Store out of reach of children. Clean up spills right away. Do not reuse empty container. Rinse empty container thoroughly with water and place in collection.

PRECAUTIONARY STATEMENTS

Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed or adsorbed through the skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear goggles or face shield. Wear protective clothing or rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

CHEMICAL HAZARDS: NEVER USE WITH CHLORINE PRODUCTS ... can react to give chlorine gas. If this occurs, flush toilet to remove chemicals and leave area. Do not return for half hour ... ventilate if possible. Never use or mix with other cleaners or chemicals.

FIRST AID:

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

-Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
