Ms. Jean M. Fugate, Registration Specialist
 S.C. Johnson & Son, Inc.
 1525 Howe St.
 Racine, WI 53403-2236

MAR 13 2001

Subject: Notification of minor label changes in accordance with PR Notice 98-10.
 Product: Insect Repellent 1994-HYHS
 Registration Number: 4822-415
 OPP Identifier Number: Not provided
 Date of Submission: December 21, 2000

Dear Ms. Fugate,

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable subject to the comments listed below. The Agency's label notification team, has referred S.C. Johnson's proposed label modification to the Insecticides Branch for a full label review, and follow-up communications.

1. This acceptance does not supercede S. C. Johnson's requirement to modify the label language, as outlined in the DEET RED published by the Agency in September 1998.

4. Section 4 "Size(s) Retail Container" lists the container size as 2-12 ounces. The last "Final Printed" label submission was received in 1995, and S.C. Johnson should update the Agency's files with current Final Printed labels for this product. [40CFR§156.10(a)(6)] The Agency also requires a print size no smaller than 6 point font [40CFR§156.10(a)(2)(A)], and a container size of 2 fl ounces, may not provide sufficient space to insure that this size criteria has been met. S.C. Johnson, Inc. should review all final printed labels' font size for this product.

Five copies of the finished labeling **must** be submitted prior to releasing the product for shipment. Since S.C. Johnson has multiple package sizes, finished labeling must be presented to the Agency for each package size. If you have any questions, you may contact Richard J. Gebken, at (703) 305-6701.

Sincerely,

Ann Sibold

HOLD UPRIGHT WHEN SPRAYING

Insect Repellent 1994 HYHS is specially formulated with a lower level of active repellent ingredients and aloe vera to feel and smell better on your skin. Repels mosquitoes, biting flies, deer flies, gnats, No-see-ums, chiggers and fleas up to 2 hours from treated skin and clothing.

Insect Repellent 1994 HYHS is effective, dependable protection that does not feel greasy or oily. It won't stain and resists perspiration. It has a fresh, clean fragrance that won't leave you smelling like a bug repellent. Keeping insects away never felt so good.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **Read all directions before using this product.**

Hold container 6 to 8 inches from skin or clothing and spray with a slow sweeping motion. Do not use as a space spray. Use just enough repellent to cover exposed skin. Avoid overexposure. Frequent reapplication and saturation are unnecessary. Do not keep product on any longer than necessary. After returning indoors, wash treated skin with soap and water.

ACCEPTED
with COMMENTS
In EPA Letter Dated:
MAR 13 2001
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
492-415

Hold container 6 to 8 inches from skin or clothing and spray with a slow sweeping motion. Do not use as a space spray. Use just enough repellent to cover exposed skin. Avoid overexposure. Frequent reapplication and saturation are unnecessary. Do not keep product on any longer than necessary. After returning indoors, wash treated skin with soap and water.

To apply to face: Spray palm of hand and rub on. Do not apply to eyes and mouth and do not apply to the hands of young children.

For maximum protection, spread evenly with hand to moisten all exposed skin.

WORKS ON CLOTHING TOO: Spray shirts, pants, socks, and hats. For chiggers also spray cuffs, socks and around other openings in outer clothing. Wash treated clothing. Do not apply under clothing. Will not damage cotton, wool or nylon. Do not apply on or near: acetate, rayon, spandex or other synthetics (other than nylon), furniture, plastics, leather, watch crystals and painted or varnished surfaces including automobiles.

PRECAUTIONARY STATEMENTS

Hazards to Humans - Caution: Causes eye irritation. Avoid contact with eyes and lips. Use sparingly on small children. Do not allow use by small children without close adult supervision. Do not apply to excessively sunburned or damaged skin. May cause skin reaction in rare cases.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Flush eyes with plenty of water. If irritation persists get medical treatment. If you suspect that you or your child is reacting to this product, wash treated skin and call your doctor.

PHYSICAL & CHEMICAL HAZARDS: FLAMMABLE. Do not use near heat or open flames. Keep treated surfaces away from fire, sparks, or flame until dry.

STORAGE: Store away from heat or flame in an area inaccessible to children.

DISPOSAL: Do not reuse empty container. Wrap container and put in trash.
