Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.				
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:				
1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.				
2. Make the following label changes:				
a. Revise the EPA Registration Number to read, "EPA Reg. No. 4822-445."				
b. Delete from the marketing statements the following: "For use on dogs, cats, horse, and ponies." This statement is ambiguous.				
c. Move to the directions for use the following: "Raid Flea Killer Plus Cat Foam V is designed to control fleas on (cats) (dogs). Foam (mousse) can be applied directly onto the pet or into the palm of your hand and then applied to cat (dog)." Signature of Approving Official: RPK				
Date: 23 APR 1996				

d. Clarify the directions for use to specify that the product controls fleas on dogs and cats and repels flies on horses and ponies.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Raid Flea Killer Plus Cat Foam V is designed to control fleas on (cats) (dogs). Foam (mousse) can be applied directly onto the pet or into the palm of your hand and then applied to cat (dog).

SHAKE WELL BEFORE USE.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

1) Shake well and invert can to dispense.

FOR FLEAS ON DOGS AND CATS

2) Start by brushing against natural lay of fur. Apply over the entire animal until damp. Do not apply foam (mousse) directly to face, rather apply foam (mousse) by hand around ears and under chin. Avoid contact with eyes and mucous membranes. Ensure that the foam (mousse) contacts and wets ticks thoroughly. Wash hands with soap and water after using.

For direct application: apply one-second bursts as hair is brushed back. Massage or brush hair until foam (mousse) vanishes.

For hand application: apply to palm of hand and then to animals coat, massaging foam (mousse) into the hair until foam (mousse) vanishes.

3) Allow pet to dry. Do not towel dry (this will remove some of the active ingredients.)

4) Allow foam (mousse) to dry before allowing pet (cat) (dog) to groom themselves.

Raid Flea Killer Plus Cat Foam V may be reapplied as necessary when the pet is reinfested.

To repel fleas on

FOR HORSES AND PONIES (note to EPA reviewer: this section of use directions will only be included if the product is marketed specifically for horses and ponies)

2) Brush animal to remove dirt and dust prior to application.

3) Foam can be applied into palm of your hand, clean cloth, or directly onto area to be treated then worked into hair coat. Suitable for use around ears, face, head and neck areas. Be careful to avoid animal's eyes during application. Repeat application as necessary.
