OFFICE OF
PREVENTION PESTICIDES
AND TOXIC SUBSTANCES

Mr. Ruben E. Mendoza
S.C. Johnson & Son, Inc.
1525 Howe St.
Racine, WI 53403

Subject: Amendment to Comply with the Labeling Requirements of the Propoxur RED
Raid Max Roach & Ant Killer 6
EPA Reg. No. 4822-449
Your Resubmission Dated July 23, 2002

Dear Mr. Mendoza:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comment below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. The Environmental Hazards statement is required, regardless of whether the product is marketed with indoor, outdoor residential or both indoor and outdoor residential uses. The Environmental Hazards are considered part of the "core" precautionary labeling and may not be modified or removed on any supplemental distributor or alternate brand name label.

EPA has determined that you have fulfilled the requirements of the Propoxur RED for the subject product. However, we are unable to reregister the product under FIFRA §4(g)(2)(c) at this time, since it contains other active ingredients (pyrethrins and piperonyl butoxide) for which reregistration eligibility decisions have not yet been made. You will be notified of the Agency's reregistration decisions for products containing these active ingredients when the REDs are completed.

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

A handwritten signature in cursive script that reads "Susan L. Stanton, for".

George T. LaRocca
Product Manager (13)
Insecticide Branch
Registration Division (7505C)

- Kills with residual action
- Contains Cylathrin®**
- Guaranteed to work (or your money back - see back panel)

ACTIVE INGREDIENTS:

| | |
|---|--------|
| **Cyfluthrin [Cyano-(4-fluoro-3-phenoxyphenyl)-methyl-3-(2,2-dichloroethenyl)-2,2-dimethylcyclopropanecarboxylate]..... | 0.10% |
| 2-(1-Methylethoxy)phenol methylcarbamate..... | 1.00% |
| Technical Piperonyl butoxide*..... | 1.00% |
| Pyrethrins..... | 0.05% |
| INERT INGREDIENTS..... | 97.85% |

Contains Petroleum Distillates

*Equivalent to min. 0.8% (butylcarbityl)(6-propylpiperonyl) ether and max. 0.2% related compounds

Keep out of reach of children

CAUTION: See directions and precautionary statements on back

Net Wt. 12 oz. -19 oz. (340g - 539g)

SATISFACTION GUARANTEED: If Raid® Max Roach & Ant Killer 6 does not provide effective roach and ant control, call toll-free 1-800-558-5252 to arrange for a full refund.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT USE AS A SPACE SPRAY. Apply to surfaces as a spot or crack and crevice treatment only. Hold container upright while spraying. Direct nozzle about 12 inches from surface to be treated. Spray away from self and other persons.

ENTRY RESTRICTIONS: Do not allow people or pets to enter the treated area until sprays have dried.

FOR HOUSEHOLD USE ONLY. DO NOT USE in food processing plants, restaurants, or other areas where food is commercially prepared, processed or served. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils or wash thoroughly after treatment. Exposed food should be covered or removed. Do not apply this product in a way that will contact any person or pet, either directly or indirectly. Keep people and pets out of the area during application.

REMOVE birds and tightly cover fish bowls and aquariums in area being sprayed. Do not spray on plants or shrubbery.

TO KILL Roaches, Waterbugs, Palmetto Bugs, Crickets, Spiders, and Millipedes: Spray around baseboards, into cracks and crevices and other inaccessible places where insects live and hide (under sinks, cabinets, refrigerators, damp areas, etc.) until surfaces are wet. Spray directly on insects if possible. Avoid excessive wetting of linoleum, asphalt tiles or plastics. **DO NOT** spray open floor areas, carpets, furniture, beds or bedding.

TO KILL Ants, Sow Bugs and Earwigs: Spray around door and window frames and other places where these insects may enter house. Spray around foundations and porches. Spray on ant trails and on ant hills. **DO NOT** treat open areas of floor coverings.

FOR LONG LASTING RESIDUAL ACTION allow residue to remain undisturbed as this product will keep on killing for weeks (up to four months). More frequent application may be required to maintain adequate control on painted wood. Do not spray on freshly painted surfaces.

STORAGE AND DISPOSAL

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: This container may be recycled in the few but growing number of communities where (steel) aerosol can recycling is available. Before offering for recycling, empty the container (can) by using the product according to the label. If recycling is not available, place in trash.

If partially filled: Call your local solid waste agency or 1-800-558-552 for disposal instructions.

[For Reviewer: The Steel graphics symbol will be used if label space allows it.]

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Harmful if absorbed through the skin. Avoid contact with the skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

User Safety Recommendations:

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

[For Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID:

Have the product container or label with you when calling a poison control center or doctor, or going for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN: Contains petroleum distillate -vomiting may cause aspiration pneumonia.

[The following statement is required if the product is labeled for residential outdoor uses (around foundations and porches, for example)]:

ENVIRONMENTAL HAZARDS

This product is toxic to wildlife and aquatic invertebrates. Do not apply directly to water. Do not contaminate water by disposal of wastes. Do not apply as a landscape treatment (to lawns, shrubs or trees, garden plants).

PHYSICAL/CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.
