

SEP -8 2000

E. David Lewis  
Lewis and Harrison, Agent for S.C. Johnson, Inc.  
122 C Street, NW Suite 740  
Washington, DC 20001

Dear Mr. Lewis:

Subject: Off Mosquito Lamp  
EPA Reg. No. 4822-469  
Submissions dated 9/6/200 (label amendment), 7/12/2000 (formulation amendment)

The alternate confidential statement of formulation referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A copy has been placed in the file jacket for this registration.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

Modify the statement "keep candle wick trimmed to 1/4 inch or less at all times" to "before lighting the candle make sure the wick is trimmed to 1/4 inch or less." There does not appear to be a way to check the length of the wick while the candle is lit and the product is in use. Alternately, you may delete the statement.

Delete the statement "Don't forget to purchase Off! Mosquito Lamp refills." The Label Review Manual states that the label may not direct use of more product than is contained in the package.

Delete the reference to use in extreme wind. Add the statement: "Do not use in windy conditions." Use in windy conditions will cause the product to drift.

Move the statement about cleaning the lamp to the directions for use.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

2710

Modify the precautionary statement on the pouch wrapper to read as follows :  
Harmful if swallowed or inhaled.

You are reminded that in accordance with the provisions of PR Notice 2000-3, you must update the first aid statements.

If you have questions, please call Ann Sibold at 703 305-6502.

Sincerely,

*Ann Sibold*

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or inhaled. Avoid breathing vapors. Keep out of reach of children. For outdoor use as an insect repellent only. Do not use indoors, in a tent or enclosed area. Do not touch the vented top while the unit is in use. The vented top is hot while in use. Do not use anything other than OFF! Mosquito Lamp pads and candles in the device.

Avoid contamination of food & feedstuffs.

**WASH HANDS THOROUGHLY WITH SOAP & WATER AFTER HANDLING.**

**FIRST AID**

If swallowed: Call a physician or poison control center. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If inhaled: Move victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

**ENVIRONMENTAL HAZARDS**

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

**PHYSICAL AND CHEMICAL HAZARDS**

Place on flat, stable surfaces. Do not cover with any material while in use. Clean with a damp cloth only when the device is cool and inactive.

Keep candle wick trimmed to 1/4 inch or less at all times. Keep candle free of matches or foreign matter that may present fire hazard. Do not insert anything other than OFF! Mosquito Lamp pads into the top. Candles other than OFF! Mosquito Lamp's will not work in this device. Do not allow pad to come into contact with other substances. S.C. Johnson & Son, Inc. will not be held responsible for damage, injury or poor performance caused by use of other candles or repellent pads.

EPA Reg. No. 4822-469

EPA Est. No. 70999-WI-2 (A), 73156-WI-1 (B), 73156-WI-2 (C) or 73156-WI-3 (D). Lot number suffix (A)(B)(C) or (D) indicates appropriate establishment number.

### Directions For Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Place the OFF!® Mosquito Lamp on a flat, stable area near to where you want to enjoy the outdoors without the constant annoyance from mosquitoes.

A

Remove lamp top.

B

Secure candle cup onto base post.

C-D

Remove the repellent pad from its package. Place it in the top of the lamp. Do not force the pad.

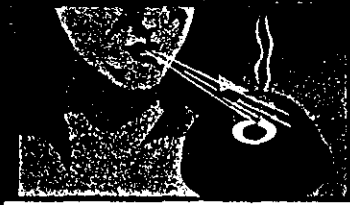

E-F

Light candle. Reinstall lamp top, being careful to twist top until it locks into place.

Be careful when moving lit lamp.

When you are finished using the lamp, carefully remove top and blow out flame.

### To Change Pad & Candle: Pad and Candle should be changed at the same time.

Pad and Candle are specially designed to work together for up to 4 hours.

- Remove lamp top.
- Ensure that the flame is extinguished before changing the pad.
- Allow the lamp to cool completely. Pull the used pad out and slide a fresh pad in.
- IMPORTANT: Remove candle cup and insert a new cup containing a fresh candle.
- Light the candle. Reinstall lamp top, being careful to twist top until it locks into place.

# OFF!® MOSQUITO LAMP

Don't forget to purchase OFF!® Mosquito Lamp refills.  
No exposed flame when in use.  
Unscented protection for up to 4 hours.

## Helpful Hints:

- For best results, place at ground level for a few minutes and allow product to take effect.
- The candle and the pad are designed to work together for up to 4 hours.
- Use one OFF!® Mosquito Lamp in an area as large as an average size deck or patio (15' by 15'). Use two or more OFF!® Mosquito Lamps in larger areas.
- The OFF!® Mosquito Lamp works well in outdoor areas where there is minimal breeze such as decks, porches, patios, yards.
- Do not remove plastic post from the base.
- Extreme wind, heat, humidity may affect the performance of the OFF!® Mosquito Lamp.

**A BITTER INGREDIENT  
ADDED TO HELP KEEP KIDS  
AND PETS FROM INGESTING.**

**BE SURE TO WASH  
HANDS AFTER  
HANDLING**

**STORAGE:** Store unused pads in original packaging and in an area inaccessible to children and pets. After allowing to cool, store device in a cool, dry place inaccessible to children and pets.

**DISPOSAL:** Securely wrap exhausted pad in newspaper and place in trash. After allowing to cool, securely wrap exhausted candle in newspaper and place in trash.

Before cleaning, make sure to extinguish the flame and let the device cool. Wash with a wet cloth only.
