OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

September 8, 2011

Stuart McArthur
SC Johnson & Son, Inc.
1525 Howe Street
Racine, WI 53403-2236

Subject: Amended Reregistration Label
Product Name: Repellent LMO
EPA Registration Number: 4822-469
EPA Decision Number: 425060

Dear McArthur:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Allethrin** RED and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that, should you wish to add/retain a reference to the company's website on your label, the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12(a)(1)(E) of FIFRA. 40 CFR §156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially differ from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 4/7/2011
- Alternate CSF #1, dated 4/7/2011
- Alternate CSF #2, dated 4/7/2011

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and

product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact either Linda Arrington at (703) 305 6249 or via e-mail at Arrington.Linda@epa.gov.

Sincerely yours,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7505P)

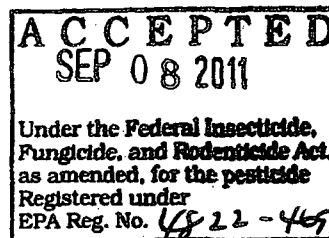

Enclosures: Label stamped "Accepted," dated 9/8/2011

Uses heat activated repellent pad.	✓
Repels mosquitoes from an area up to 225 SQ.FT.	✓
Repels mosquitoes that may carry West Nile Virus	✓
Each pad lasts up to 4 hours	✓

Helpful Hints

Protection is not immediate
 Allow time for candle to heat (mosquito repellent) pad
 High humidity may increase time before repellent is released
 Pads are designed to release repellent when heated by candle
 Pad color will change during use
 Do not change pad until candle is used up
 When candle is used-up (and will not relight), replace both candle and pad
 Expect a small amount of wax to remain in bottom of candle cup
 Change candle and pad at same time
KEEP LEVEL
 To avoid fire hazard, do not place pads, matches or other foreign matter on or in candle cup
 Use one (Repellent LMO) in an area as large as an average deck or patio
 Use one (Repellent LMO) in an area as large as 15' by 15'
 Use two or more (Repellent LMO) in larger areas
 It is normal for the pad to emit some smoke when product is in use
 Be sure to wash hands after handling
 Contains Bitrex
 Bitrex ® is a trademark of Macfarlan Smith, LTD.
 (For maximum protection) place product upwind
 To clear mosquitoes from under table, place underneath (table) for a few minutes
 Make sure pole is inserted securely and straight

Test to ensure pole does not tip easily
 Do not use hammer to insert pole
 If ground is too hard, use water to soften the ground
 X-piece sectional pole included
 Assembles to (approximately) X feet (high)
 Gently slide narrow end of pad into slot in top of unit
 Patio & Deck

Look for products in each of these categories to meet your outdoor needs

Precautionary Statements

Hazards to humans and domestic animals

Caution: Harmful if swallowed. *Harmful if absorbed through the skin.* Avoid **contact with skin, eyes or clothing. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.**

First aid

Call a poison control center or doctor immediately for treatment advice.

If swallowed: Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If On Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-558-5252 for emergency medical treatment advice.

Environmental hazards

This pesticide is highly toxic to fish. Do not apply directly to water. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

Physical and chemical hazards

{Note: These physical and chemical hazards will be used when the product is sold as a lamp unit}

Place on level, stable surfaces. Do not cover lamp top with any foreign material while in use. Before lighting candle make sure wick is trimmed to ¼ inch. To avoid fire hazard, do not place pads, matches or other foreign matter near candle flame. Never cut, bend or alter shape of pad. Pads may cause staining – avoid contact with other surfaces. Do not place Repellent LMO near combustible materials such as dry vegetation, clothing, or fuels. **NEVER BURN CANDLE UNATTENDED.** Failure to follow these instructions could result in personal injury or property damage. Do not use anything other than Repellent LMO pads and candles in lamp. To the fullest extent permitted by law S.C. Johnson & Son, Inc. shall not be liable for damage, injury or poor performance caused by the use of other pads and candles.

{Note: These physical and chemical hazards will be used when the product is sold as a lantern unit.}

Do not cover lantern top with any foreign material while in use. Before lighting candle make sure wick is trimmed to ¼ inch. To avoid fire hazard, do not place pads, matches or other foreign matter near candle flame. Never cut, bend or alter shape of pad. Do not move when lit. Use pole per instructions; do not use for any other purposes. Do not remove hanging lantern from pole. Make sure pole is inserted securely (and straight). Remove all pole segments from ground when not in use to minimize tripping hazard. **TEST TO ENSURE POLE DOES NOT TIP EASILY.** Do not place near underground wires or gas lines. Pads may cause staining – avoid contact with other surfaces. Do not place Repellent LMO near combustible materials such as dry vegetation, clothing, or fuels. **NEVER BURN CANDLE UNATTENDED.** Failure to follow these instructions could result in personal injury or property damage. Do not use anything other than Repellent LMO pads and candles in lamp. To the fullest extent permitted by law S.C. Johnson & Son, Inc. shall not be liable for damage, injury or poor performance caused by the use of other pads and candles.

{Note: These physical and chemical hazards will be used when the product is sold as a refill unit}

Do not cover unit top with any foreign material while in use. Before lighting candle make sure wick is trimmed to ¼ inch. To avoid fire hazard, do not place pads, matches or other foreign matter near candle flame. Never cut, bend or alter shape of pad. Pads may cause staining – avoid contact with other surfaces. Do not place Repellent LMO near combustible materials such as dry vegetation, clothing, or fuels. **NEVER BURN CANDLE UNATTENDED.** Failure to follow these instructions could result in personal injury or property damage. Do not use anything other than Repellent LMO pads and candles in lamp. To the fullest extent permitted by law S.C. Johnson & Son, Inc. shall not be liable for damage, injury or poor performance caused by the use of other pads and candles.

STORAGE AND DISPOSAL

STORAGE: Prolonged storage of repellent pads in outdoor conditions may decrease effectiveness. Store unused pads in an area inaccessible to children and pets.

DISPOSAL: Before disposing, empty package by using the product according to the label. Used Pad and Pad Pouch: Place exhausted pad or pad pouch in trash or offer for recycling if available. Candle: After allowing exhausted candle to cool, place cup in trash. Do not reuse or refill cup. Unused pads: Call your local solid waste agency or 1-800-529-3394 for disposal instructions. Never place unused product down any indoor or outdoor drain.

Directions for Use: It is a violation of federal law to use this product in a manner that is inconsistent with its labeling.

For outdoor use only. Do not use indoors, in a tent or enclosed area. Attention, colored vent top is hot while in use.

{Note: These directions for use will be used when the product is sold as a lamp unit.}

Locate lock tabs on unit base, press to release and lower frame. Remove enclosed contents. Firmly press candle cup onto base post. Light candle. Remove repellent pad from package being careful not to cut, bend, or alter pad shape. Insert OFF! PowerPad into middle slot on top. Raise frame base and snap into place. Move lamp only when cool and not in use. To avoid fire hazard, do not place pads matches or other foreign matter on or in candle cup. When finished using, carefully remove frame base and blow out candle. Pad is designed to last as long as candle.

To replace pad/candle combination:

When candle is used up (and will not relight), replace both candle and pad. Remove lamp top. Make sure flame is extinguished and lamp is cool before changing pad. Pull out used pad and slide in new pad. Remove used candle cup and firmly press new candle cup with fresh candle onto base post. To avoid fire hazard, use only OFF! candles in lamp. Light candle. Raise frame base and snap into place. Avoid contamination of food.

{Note: These directions for use will be used when the product is sold as a lantern unit.}

Use connectors to assemble rods. Push pole into stable ground. Test to ensure pole does not tip easily. Locate lock tabs on unit base, press and release to lower frame. Remove enclosed contents. Firmly press candle cup onto base post. Light candle. Remove repellent pad from package being careful not to cut, bend, or alter pad shape. Insert OFF! PowerPad into middle slot on top. Raise frame base and snap into place. When finished using, carefully remove frame base and blow out flame. Pad is designed to last as long as candle. To avoid fire hazard, do not place pads, matches or other foreign matter on or in candle cup. Use one Repellent LMO in an area as large as 15' by 15'. Use two or more in larger areas. Allow time for candle to heat mosquito repellent pad. When

candle is used up and will not relight, replace both candle and pad. Expect a small amount of wax to remain in bottom of candle cup. (Change candle and pad at same time.) Place product upwind for maximum protection.

To replace pad/candle combination:

When candle is used up (and will not relight), replace both candle and pad.

Lower lantern from base. Make sure flame is extinguished and lantern is cool before changing pad. Pull out used pad and slide in new pad. Wash hands.

Remove used candle cup and firmly press new candle cup with fresh candle onto base post. To avoid fire hazard, use only OFF! candles in lantern. Light candle.

Raise frame base and snap into place. Avoid contamination of food.

Cleaning Instructions:

Before cleaning lantern, extinguish flame and let lantern cool. Wash with a wet cloth only. Note: To avoid damaging product, be careful not to move or bend metal bar inside of lantern when cleaning. Be sure to wash hands after handling.

{Note: These directions will be used when product is sold as a refill unit.}

To replace pad/candle combination:

Pads are designed to release repellent when heated by candle. When candle is used (up and will not relight), replace both candle and pad. Avoid contamination of food. Detach unit top from base. Make sure flame is extinguished and unit is cool before changing pad. Remove used pad from top of unit. Remove new repellent pad from packaging being careful not to cut, bend, or alter pad shape.

Gently slide narrow end of pad into slot in top of unit. Important: Remove used candle cup and firmly press new candle cup with fresh candle onto base post.

Light candle. Reattach unit top and base. Do not place repellent pad or matches on or in candle cup.
