Clean and disinfect washroom fixtures and surfaces with a spray and a wipe. Handy and convenient. ENVY_{II} INSTANT CLEANER requires no bucket, no mixing, no rinsing. Active foam dissolves scum and soap film... wipes away dirt, grease and many stains... easily cleans those hard-to-reach corners that powdered cleansers often miss. Contains no abrasive, so won't scratch, and leaves no gritty deposit to be washed away. Powerful germicide disinfects while you clean.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use daily to clean and disinfect wash basins, fixtures, tubs, sinks, shower doors, shower stalls, and urinals. Spot clean as needed on any washable surface: vanities, and counter tops. For use in hotels, motels, health care facilities, educational facilities, office buildings, and all public washrooms. Not for household use.

For Cleaning:

1. Hold can upright.
2. Spray foam evenly over surface.
3. Wipe clean with cloth, sponge or paper towel, turning frequently. For heavily soiled areas or stubborn spots, let foam stay on surface longer before wiping.

For Disinfecting:

1. Thoroughly clean surface prior to disinfecting.
2. Spray foam evenly over surface. Be sure to wet all surfaces thoroughly.
3. Let ENVY_{II} remain on surface for ten minutes.
4. Wipe with clean cloth, sponge or paper towel.

KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES / OBJECTS PREVIOUSLY SOILED WITH BLOOD / BODY FLUIDS

in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces / objects with blood or body fluids, and in which the surfaces / objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

4822-478

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST *HIV-1 (AIDS VIRUS) ON SURFACE / OBJECTS SOILED WITH BLOOD OR BODY FLUIDS:

Personal Protection: Disposable latex or vinyl gloves, gowns, face masks, or eye coverings as appropriate must be worn during all cleaning and decontamination of blood and body fluids.

Cleaning Procedures: Blood and body fluids must be thoroughly cleaned from surfaces and objects before disinfecting with ENVY_{II}.
